

VILLAGE HALL VITALITY

An appeal in the *Bugle* last year for new blood on the Turville Memorial Hall management Committee has spurred on a number of villagers to step forward and take an active role. This welcome revitalisation of the Committee promises new ideas and a fresh outlook on fund-raising, future events and improvements.

At the recent annual general meeting, Sam Moreton, stepped down as Chairman of the Village Hall Committee after many years of dedicated service. The Trustees and other Committee members thanked Sam for his work. The position has been taken over by Claire Kennedy. Anyone wishing to discuss any Village Hall issues can call Claire on 880908.

The Hall is the venue for a number of local groups including Bowls, Brownies, Rainbows, the Craft Club, Badminton Club, Whist, Dancing, Keep Fit and, most recently, Pilates classes. Over the next few months the Committee is planning to have various works carried out to improve, update and maintain the building. These include the refurbishment of the Committee Room with a new floor and redecoration. Outside the Hall, improvements to the drainage of the car park are planned, which should solve the problems of flooding after heavy rainfall. Also on the list of work to be undertaken is the repair and replacement of leaking and broken guttering and the installation of cavity wall insulation.

In the longer term the Committee is hoping to obtain grants and raise funds to replace the windows, maintain and repair the roof, decorate the main hall, improve the heating and lighting and replace the curtains.

The Trustees and Committee would like to take this opportunity to thank all those who have recently helped to raise funds, enabling work to start on some projects. The Committee is now working hard to create a venue that all in the village can enjoy and be proud of.

QUARRY

At the recent meeting of the Quarry Liaison Group members heard that output of minerals from the site had increased marginally, in part attributed to seasonal influences on the building trade. Most of the material leaving the site supplies the DIY trade, which has seen a slight upturn in trade as homeowners improve their existing properties. However, with the general downturn in aggregate need the

urgency to open up the eastern extraction site has reduced. The group also noted that the perimeter of the new extension will have to be fenced against great crested newts.

Two long-service employees, with 75 years service between them at Bosworth, are retiring shortly. The venerable dragline digger, which has loaded the conveyor for the past 35 years has been pensioned off and replaced with an hydraulic machine,

OIL SLICK

The source of the oil spill that polluted the water course in Welford Road, which we reported in the *Bugle* last month, has been traced to a broken pipe from a domestic heating oil storage tank.

With the long winter and cold spell in late spring it's not surprising that the loss of a considerable amount of oil into the ground went unnoticed. Whilst the loss of oil has had a financial penalty on the householder involved, it does serve to remind the rest of us to keep a check on oil usage and query unusually high consumption.

It is obviously a good time during the summer, when usage is naturally lower, to monitor your supply:

- Check your holding tank for signs of corrosion or damage, especially if it is a mild steel tank
- Look for tell-tale signs of ground contamination, such as dying vegetation or discolouration on brick work or metal work
- Turn off the supply at the tank and note if the sight-glass or pipework from the tank to the heater empties over a period of time

SMOKE ALARM

Residents are concerned that the fire at the waste processing centre at Pebble Hall is still burning after more than a month. The Environment Agency and Fire Service have advised the operators of the site to break up the heap of burning material, to hasten the rate of burning. However, this can only be done when the wind direction is away from populated areas. The Fire Service have withdrawn from tackling the fire as it is not deemed an emergency.

HDC Environmental Health officers, along with the Fire Service, Environment Agency, Health Protection Agency and EHO's from Daventry District Council are continuing to monitor the situation. HDC have received the majority of the complaints and have letter-dropped Theddingworth householders to inform them directly of the position. All the agencies involved have praised the operators of the site for their co-operation during this incident.

The fire is thought to have been started by arsonists.

POSTBAG

From Sam Caves, Jack Johnston, Steven Harwood and Cole Pedley - The Bosworth Boys!

The Kilworth Challenge has been and gone once again for another year and we are proud to say we finished 16th out of the 42 teams competing - with a great position of 5th on the first day!

We would like to take this opportunity to thank everyone from the village for their continuing and generous support, whether you donated personally on our door-to-door trips around the village or into one of our donation 'buckets'. In particular we have The Bell Inn and North Kilworth Garage to thank for their generous support. This allowed us to raise just over £2,000, with this year's event as a whole raising £67,000. You'll agree this is an amazing amount. So once again thanks to everyone who supported us and of course we'll see you next year when we look forward to representing the village once again and hope to finish even higher and raise even more money!

Editor's Note: The Kilworth Challenge has raised £740,000 over the past 19 years.

From Nigel Astbury, North Kilworth

I write as part of the local residents' action group campaigning against the proposed 126 metre high wind turbine on land next to Pincet Lane, North Kilworth. To date, about 70 people in Bosworth have written to Harborough District Council objecting to the proposal. The planning application may be determined by the Council quite soon. For more information please go to our dedicated website www.nowindturbinehere.co.uk.

From Mike and Sue Fisher, Cherry Tree Close

On a dark January evening last year a group of villagers turned up at the Village Hall to be taught to dance by Glenn Badham. Since that evening we have learnt a variety of Ballroom and Latin dances making some good friends in the process. A few months ago Glenn suggested that we take dancing exams. We all passed with honours. On behalf of all the dancers we would like to thank Glenn and Sandi, his assistant. For those thinking of joining the new class - do it! You will learn to dance and have fun in the process.

From Charlotte Boden, High Street

We moved into Husbands Bosworth in February. Our initial thoughts were of a lovely village. Living on the main road near the Bell we can deal with the noise...lets face it its a place to go and enjoy each others company and have a laugh. Community Spirit we think! BUT to exit our property this morning to find our plant pots which we had planted for the village as well as us to enjoy, had been stolen, I must say I am quite disheartened by an individual's lack of community spirit. Not only that, DOG MUCK in our doorway everyday of the week. Where is the community spirit in this????

TOO MUCH SUGAR!

Eating refined sugars can lead to health disorders and illness. Refined carbohydrates such as pastries, cakes, biscuits, etc. contain calories but no nutrients. Filling up on these foods can lead to obesity as insulin tries to clear raised sugar levels from the blood and takes it away to be stored as fat. When insulin fails to do its job diabetes can occur. B vitamins are used up quickly and once depleted this can lead to other problems. Reactive hypoglycemia is the rebound 'low' after an initial 'high' of refined sugars. Refined carbohydrates lack fibre. Fibre normally slows down sugar release. Sugars also feed bad bacteria and candida yeasts and make your body acidic and susceptible to disease.

PARISH COUNCIL NEWS

Report of the Parish Council Meeting held on Tuesday, June 2nd 2009

Five Council members and District Councillor Brian Smith were present.

Apologies were received from Mrs. Day (who, due to family commitments, came later) and County Councillor Graham Hart.

Bill Fletcher confirmed his acceptance of the office of Chairman and took the Chair.

VISITORS' QUESTIONS

•The meeting noted that a planning application had recently been submitted for a wind farm test mast at Wakerley Lodge Farm, Misterton. Councillor Smith had little information on the proposal at present but agreed to keep Council informed.

MATTERS ARISING from the Minutes of the previous meeting

•Mr. Forman agreed to represent Council on the Leicestershire Association of Parish Councils forum. *[Decision on this item was deferred from previous meeting]* It was noted that no meetings had been called recently.

•Further quotes were to be obtained for the cheese stone interpretative signs.

•Clerk had forwarded information on the number of horses stabled around the village in support of the application to Highways regarding Horse Warning road signs.

•Wording for the car parking restrictions sign to be erected on the Scout HQ was agreed and Clerk was asked to progress this matter.

•No progress was evident on the clearing of dangerous glass at the rear of the derelict High Street Garage site. Owner to be reminded again of his responsibilities.

•Vegetation overhanging the footways on Bell Lane and Berridges Lane had not been cut back as requested. Clerk to remind the householders.

•Councillor Smith agreed to seek further information from HDC regarding the possibility of increasing the number of Councillors on the Parish Council to reflect the recent increase in village population.

CEMETERY

•Council agreed a favourable quotation for re-pointing the rear of the roadside wall.

•Council noted that the mowing contractor had sprayed the footpaths within the cemetery.

PLAYING FIELD

•Damage to the running surfaces and missing side boards creating litter traps were noted on the skatepark equipment. It was agreed to defer repairs until after the RoSPA inspection, which is imminent. Any repairs and safety issues that arose could then be carried out at the same time by a qualified repairer.

ALLOTMENTS

[Members of the Council met at the allotments for a site visit prior to the meeting]

•Representatives of the allotment holders sought permission to install a picnic bench, at their cost, adjacent to the carparking area. Council agreed to the proposal subject to the condition that the maintenance and repair of the bench would remain the responsibility of the allotment holders.

•It was noted that one plot had been relinquished. There being no suitable applicant on the waiting list it was agreed to seek interest through the *Bugle*. The vacant plot is overgrown and would be trimmed. Two further plots, although taken, appeared to be untended and the holders would be approached to see if they were intending to use them.

TRAFFIC ISSUES

•It was noted that a number of villages around the county and locally had recently carried out traffic speed-watch campaigns and it was agreed to seek further information to see if Husbands Bosworth qualified for the scheme.

CORRESPONDENCE

•Council declined to contribute to the Conker Competition costs at this time.

•Objections were received regarding the proposal to install parking restrictions on the High Street at the Cherry Tree Close junction to improve the visibility for drivers exiting the Close. Council noted the objections but pointed out that off street parking spaces were allocated for the affected homes.

•Concerns were raised by the Tennis Club that the scrub clearance behind the courts had not been finished. Clerk understood that the contractors had a mechanical breakdown and that the work would be completed shortly.

PLANNING

•Council was concerned that work was proposed to a Tree Preservation Order protected tree overhanging a property in Ashacre Close. Members felt that the work proposed could damage the tree leading to its subsequent loss. Clerk was asked to convey Council's concerns on the matter to HDC planners.

•Members raised concerns regarding further work to extend the Old Barn Farm commercial unit. It was felt that the site was becoming overdeveloped and the nature of the development was out of character in the rural setting.

ANY OTHER BUSINESS

•Council briefly discussed a proposal to set up a dedicated Parish Office. A number of options were discussed.

•It was noted that no response had been received from Harborough planners concerning the village tree survey submitted in March. Councillor Smith agreed to chase this up.

NEXT MEETING

Please note that there will be no Parish Council meeting in July.

The next meeting of the Parish Council will be on Tuesday, August 4th at 7.30pm in the Committee Room of the Village Hall.

Council members will meet informally at the cemetery at 7.00pm prior to this meeting. Anyone wishing to raise any comments on cemetery matters is invited to meet Councillors at the cemetery.

All Saints Church welcomes Andy Rhoades who joins the Hexagon parish group as a trainee Curate, under the supervision of Rev. Alison. Lincolnshire born, Andy grew up in Yorkshire, and pursued a career in engineering. Much of his work has been in Information Technology, engaged in software management for computer aided design workshops. His work took him all over the world. Both have been involved with the ministry at St. Mary's, Lutterworth for many years.

Kath is a bilingual secretary (English and German) and is currently the Church Administrator and music group leader at St. Mary's. They have two daughters; Corinne aged 22, who has recently graduated from university and has completed a radio broadcasting course, and Ceri, aged 18, who is studying zoology.

The church will be welcoming Andy and Kath at a special service on Monday, July 6th at 7.30pm. Everyone is invited to join church members in this joyous occasion.
