

WAR MEMORIALS PROJECT

Leicestershire County Council's recently launched War Memorials Project aims to record the many, and various, war memorials in parishes throughout the county.

Concerns were raised by the Community Heritage Scheme that many of our parish war memorials, most of which were erected in the 1920s, are now showing their age. The project seeks to examine these memorials in detail and highlight any that are in need of cleaning, repair or restoration.

The project also provides the stimulus for recording the information that is found on the memorials, researching the lives of those who are commemorated, exploring the history of the memorials themselves and publishing the results to a wider audience.

It is hoped that the project will renew appreciation of those from within our communities who gave their lives in the service of our country.

Husbands Bosworth's War Memorial was erected in 1921; the cost being raised by public subscription. The Historical Society archive holds photographs and newspaper cuttings of the dedication ceremony and the village website lists the inscriptions and brief notes, where known, of those listed. As part of the War Memorials Project it is proposed that we delve beyond the inscriptions on our memorial and gather as much information as possible about those named. Photographs would obviously be much appreciated, but any information will be gratefully received. Please call Melvyn Forman on 880281.

HELP LINES...

The police air support helicopter, which is stationed on the edge of Husbands Bosworth aerodrome near Sulby, is a regular feature of the local landscape as it plies to and fro from its base. As we noted in last month's *Bugle*, the helicopter now has a web-based log of its activities showing where it has been deployed, the nature of the incident and the outcome of the activity. Check it out at: www.helicopter.leics.police.uk/where/

Another police resource, and one that is proving to be particularly effective in providing leads to criminal activity, is the CrimeStoppers phone line. CrimeStoppers has recently released figures for its work tackling crime over the past twelve months, which makes interesting reading.

During the year 1,272 actionable calls were made to the service, which resulted in charges being brought in 325 cases. Over £14,000 worth of property and vehicles to the value of £121,500 were recovered. The drugs scene dominates the number of tip-offs received, with over a third of the reported incidents being drug-related, resulting in drugs to the value of nearly £200,000 being removed from the streets.

Other crimes high on the list include motoring and traffic-related offences, assault and harassment and possession of weapons.

Calls to CrimeStoppers are free and can be made anonymously. Call 0800 555111 if you have any information that may help to nail a criminal.

WATCH YOUR SPEED

Are you concerned about the speed of traffic as it passes through our village? Would you consider joining a small team trained to monitor the speed in a scheme supported by the parish council and the local police?

The Leicestershire Road Safety Partnership offers training and equipment to enable members of the community to do their own roadside speed checks. Trained users measure the speed of passing traffic with hand-held radar devices and record registration numbers of those driving over the limit.

Although the information gathered cannot be used to prosecute offenders, it can be used by the police to issue warning notices. In addition, any trends indicating high speeds or unsafe driving may help to secure permanent speed reduction measures.

If you would like to be involved in this community initiative please contact Heather O'Connor on 880165.

POSTBAG

From Lorene Richards, Queensland, Australia

I am currently researching my Lucas family tree. Using the censuses for 1841, 1851 and 1861, I know that Thomas Lucas lived in Husbands Bosworth. He had numerous children, of which Matilda and Mary Ann were single ladies still living in Husbands Bosworth. I am particularly interested in a record of Thomas's birth, around 1774-1777.

Editor's Note: If anyone has any information that may help Lorene in her quest please contact the Bugle and we'll forward your details.

From Bethany Taylor, Bell Lane.

During July, nearly fifty 4-11 year olds joined Rev. Alison Hampton and her team of volunteers in the Showstoppers Holiday Club - a week of music, bible stories, sports and crafts based on the themes of theatre and discovering God's Plan. The club took place at North Kilworth Primary School. Throughout the week, the children were able to take part in activities such as making puppets, musical instruments and badges. Luckily the weather was generally good to us, meaning the children could enjoy several great outdoor games as well. Each day we also discovered a different bible story, and a new part of God's plan for us.

The children thoroughly enjoyed themselves and really worked hard during the week. We celebrated their efforts with a short service and picnic in the rectory paddock at Husbands Bosworth on the following Sunday afternoon.

I'd like to say a big thank you to everyone who came along, and to all the wonderful organisers who gave up their time! We hope we will see you all again next year!

BYGONE BOSWORTH

The Historical Society's Periodical Journal

We've recently heard from former villager, Lorraine Culver, who has found a number of old photographs of Bosworth whilst rummaging around in her loft. The pictures were given to her by Miss Marsh who lived opposite the rest home in the village. Lorraine's mother worked at the rest home in the 1970s and the family lived in Hillcrest Lane.

Lorraine adds that she remembers John Knight, who lived in Bosworth at that time. John is remembered as a much respected teacher at Lutterworth Grammar School, which she attended until leaving to commence nurse training at the Leicester Royal Infirmary. She still has a treasured copy of *Cold Comfort Farm* that John gave her as a gift.

Her parents lived latterly in School Lane and her father worked at the Bell Inn when it was run by Ted and Pauline (Butler?). Lorraine worked at North Kilworth wharf as a receptionist for the narrowboat business, and remembers her boss, Derek Hucker, who would sometimes give her a lift home in his brown Porsche!

RECYCLE, RE-USE...

Foxton Inclined Plane Trust wants your clean tin foil and aluminium cans for recycling. These can be placed in the appropriate bins outside the Canal Museum, which is situated at the side of the Middle Lock on the Foxton Locks flight. (Follow brown tourist signs for Foxton Locks)

Used stamps are also collected; these should either be dropped in to the museum, through the letter box if the museum is closed, or posted to: Foxton Canal Museum, Middle Lock, Gumley Road, Foxton, LE16 7RA.

AN APPLE A DAY!

Apples help to eliminate toxins and shed excess weight. They are rich in vitamin E and biotin - a co-enzyme assisting with carbohydrate, protein and fat metabolism and the release of energy from cells.

Rich in folic acid, vitamin A, C and antioxidants they are good for disease prevention and for the skin. Apples also contain minerals, including sulphur, potassium, iron, iodine, silicon, magnesium and calcium, and traces of other vitamins and amino acids. The digestion of apples stimulates juices containing malic and tartaric acid, which help prevent liver and digestive problems.

Apples are a good source of pectin fibre which should help to keep cholesterol down, it also binds to bile acids remaining in the bowel which may contribute to gallstones or cancer.

PARISH COUNCIL NEWS

Report of the Parish Council Meeting held on Tuesday, August 4th 2009

Five Council members and four members of the public were present.

Apologies were received from Mrs. O'Connor and District Councillor Brian Smith (*who arrived later*)

VISITORS' QUESTIONS

•Considerable concern was voiced by villagers about planning permission granted for Begley's Yard development in Church Lane. Residents were concerned at the way planners had conducted the consultation and were worried that their views hadn't been sufficiently addressed. Council reinforced their views and agreed to seek further clarification of the situation and make representations to HDC. Concerns were raised that the litter bin on the Old Green was not being emptied regularly. Clerk agreed to look into the matter.

MATTERS ARISING from the Minutes of the previous meeting

•High Street Garage site - Council agreed that the vandalism and untidy state of the ground at the rear of the workshop building was caused by the insecure state of the adjacent building plot. Clerk was asked to contact the owner regarding the matter.

•Highways had agreed to install horse warning signs and suggested they be erected on Theddingworth Road, Kilworth Road and at the Sibbertoft Road junction. Clerk pointed out that no horse activity was likely on Kilworth Road and suggested that Welford Road be substituted.

•Overhanging vegetation in Bell Lane - owners to be notified again.

CEMETERY

[Members of the Council met at the cemetery for a site visit prior to the meeting]

•Council members agreed that the work carried out to repair the fallen gate pier was unsatisfactory and it was agreed to refer the matter to the Council's insurers. Clerk to discuss the matter with the mowing contractor.

•Members noted that the re-pointing work to the rear of the roadside wall had been carried out satisfactorily.

•It was agreed to arrange for a test bore hole to be made in the cemetery extension to ascertain the level of the water table.

PLAYING FIELD

• Council noted that no progress was apparent in the lighting project for the tennis courts.

•Access to the outside toilet was discussed. Mr. Fletcher agreed to bring the matter to the attention of the Playing Field Committee.

ALLOTMENTS

•It was noted that one plot has become vacant. It was agreed to seek interest through the *Bugle*.

NEIGHBOURHOOD WATCH

•Neighbourhood Watch signs had been installed at all the main approaches to the village.

CORRESPONDENCE

•Council discussed progress regarding a proposal to use the Methodist Chapel vestry as a Parish Office. Grant opportunities for conversion work would be sought.

PLANNING

•Members discussed the planning application for the garden development at 7 Welford Road. Objections were made regarding the style of housing proposed and the scale of the development at the rear of the site.

ANY OTHER BUSINESS

•Council agreed to seek to impose Tree Preservation Order status on a number of important village trees highlighted by a recent HDC report.

•It was agreed to seek further information regarding setting up a Speed Watch campaign.

Council agreed to review the Standing Orders and Financial Regulations at the next meeting

NEXT MEETING

The next meeting of the Parish Council will be on Tuesday, September 1st at 7.30pm in the Committee Room of the Village Hall.

Council members will meet informally at the Play Area at 7.00pm prior to this meeting. Anyone wishing to raise any comments on Play Area matters is invited to meet Councillors at the Play Area.

HMRC SCAM

We thought we could spot an internet scam a mile off and are in the habit of automatically deleting any e-mails that purport to come from banks or building societies.

Recently, however, we received an official-looking e-mail that carried the HM Revenue & Customs title. When opened it showed an official looking account, HMRC headed, which informed us that we were due a small tax rebate and asked us to confirm our bank account details so that a transfer could be made. It all seemed plausible. It was only when we realised that HMRC would already have our account details and would make such payments without consulting us that the con was sussed. We went to the official HMRC website: www.hmrc.gov.uk and they had a page full of the scams that have been circulating in their name.

The moral of the story is to look carefully at the address of the sender - feed that address into a Google search to check its authenticity.
