

## BOSWORTH MINGLES...

**A**t a recent meeting of Harborough District Council, members decided to introduce a simpler, more efficient 'co-mingled' recycling and waste collection service, which would also allow the introduction of kerb-side plastics collection.

Although Harborough's recycling efforts are rated in the top 10 in the whole country, it is hoped that the new scheme, which is planned to be rolled out in October, will enable the authority to achieve even better recycling rates.

The new scheme will see the introduction of a third wheeled bin to replace the green and blue tote bins. The new bin will be used for dry recyclables, such as plastics, foil, glass, cans, cardboard and it will hold an inner container to take paper. The green bins will continue as the receiver of compostable garden waste and the original black bin will now take the food waste and non-recyclable material that is suitable only for landfill. The co-mingled dry waste will be sorted manually at the recycling centre and it is hoped that the more efficient scheme will generate a bonus of saleable material, potentially producing a net saving to the council of over £200,000 per year.

More information on the new scheme will be published during the summer.

### BROADBAND TALKS

**T**he County Council's recent survey to gauge Broadband users' experiences received a good response from interested Bosworth residents. The survey was undertaken in order to gather information about difficulties with Broadband in rural areas, some of which receive minimal service and frequent disruption.

In total, there were 64 replies from Bosworth: 54 from households and 10 from businesses - the 14<sup>th</sup> largest parish response in the county. More interestingly, amongst the Districts, Harborough as a whole, provided 1881 responses, around 45% of the county total, indicating that our residents have a strong interest in this issue. These numbers are likely to carry considerable weight when decisions are made on priority areas for funding.

The survey has now closed, with results expected in early June. However, LCC's discussions with providers continue and any information will help, especially specific information from villagers (household or business) who are adversely affected by low broadband speeds. If you can help please e-mail Patricia Hobson: [patricia.hobson1@virgin.net](mailto:patricia.hobson1@virgin.net)."

### WINDS OF CHANGE...

**G**round works relating to the installation of the 11 turbine wind farm at Swinford are nearing completion and a trial run with a 56m long 'dummy' turbine delivery vehicle has been carried out. The delivery route will leave the M1 at the Highways Agency Depot near Junction 20 and cross farmland to the site entrance off Swinford Road. Traffic disruption on the motorway and surrounding roads will be kept to a minimum by arranging deliveries for off-peak times during daylight hours. Local diversions near the site are likely to be short-term and will be notified by signing and local radio broadcasts.

Delivery of the component parts is planned to commence on June 11<sup>th</sup> and take up to 8 weeks, during which about 84 abnormal lorry loads will be delivered to the site. The developers will be hosting a surgery at Swinford Village Hall on June 7<sup>th</sup> from 5.00pm to 7.00pm for anyone concerned about access or other issues during the delivery stages.

All the turbine bases have now been laid and final touches to the access tracks and public rights of way are currently being carried out. The eagle-eyed will see that the permanent 80m high turbine control mast has recently appeared on the skyline. Once the installation teams start work they expect to erect two turbines a week and all 11 turbines are expected to be in place by August 10<sup>th</sup>.

*Meanwhile, we hear that a planning application has been filed with Harborough Planners for permission to erect a single 27m high wind turbine on land opposite Kilworth Sticks Farm, Gilmorton Road, North Kilworth.*

**STOP PRESS:** *The Sparrow Lodge, Pincet Lane, North Kilworth wind turbine project, which was refused by Harborough Planners, has been referred to appeal.*

Nottinghamshire Police have received a number of reports recently regarding a new scam. Incidents involve innocent people's homes being used as a delivery address for mobile phones or other valuable items that they have not ordered. Police believe the items are being ordered by criminals using a bogus account and they are then using residents' addresses to have them delivered. The householder is usually confused as to why these items have been delivered to their address when they haven't ordered them. In the meantime they receive a phone call from someone claiming to be from the company where the items have been dispatched from. They say that the items have been delivered to their address in error and that they will arrange for someone to collect them.

Mobile phone companies have stressed that they would never send someone to collect the mobile phones, and that they would instead send out an envelope for the phones to be returned via the post.

Please be aware of this scam and anyone who receives mobile phones or similar items that have not been ordered should make contact with the supplier and ask for a returns packet and send them back.

# BOSWORTH IN FOCUS

A ROUND-UP OF LOCAL NEWS

## CLOSE CALL...

The Parish Council's preferred name for the new development on the former builder's site off Church Lane is Gilby Close. The name has local historical significance and recalls the Gilby family, who for many years owned the orchard that was on the site before Begleys bought it as a base for their business. Gilbys were painters and decorators and, later, plumbers and lived in Church Lane. The Gilby name died out in the village with the death of Miss May Gilby in the 1980s. Council members felt that the contribution that the Gilby family made to the village should be acknowledged in the new development.

**STOP PRESS:** *The Parish Council's recommendation has been accepted.*

## LUTTERWORTH MUSEUM

If you've not yet visited Lutterworth Museum make time this summer to take a look. The museum is run by a small team of volunteers at the One Stop Shop Community Offices in Gilmorton Road, Lutterworth. Lutterworth Museum is a REAL museum crammed with lots of information and artefacts of local interest and memorabilia dating from pre-history to yesterday! The museum houses probably the world's most important collection of information relating to the work of Frank Whittle and his development of the jet engine, which took place only yards away from the museum site at the Ladywood Works.

The museum also holds a vast archive of information and documents relating to local villages and has a free-to-use family history research facility.

### Summer opening times are:

Tues., Thurs., Friday 10.00am to 4.00pm  
Wednesday & Saturday 10.00am to 1.00pm  
Closed Sunday & Monday

**Entry is FREE.**

## TIME LAPSE

One of the suggestions to commemorate the Queen's Diamond Jubilee Year was to bury a sealed Time Capsule somewhere in the village. If any villagers or village group would like to be involved in this project please contact the Parish Clerk.

This project, and one to plant a Jubilee Tree, could be carried out at any time during the Jubilee Year so there is time to gather our collective thoughts and ideas for what (*or who? Ed.*) to put in the capsule!

## PICTURE PERFECT

*If you would like to be in the village Jubilee Photograph please meet outside All Saints Church for 10.20am on Sunday, June 3<sup>rd</sup>. The photograph is open to anyone living in the village and will make a unique memento for this special event.*

## NEW CLASSES FOR HORTI-SHOW

In addition to the other new classes printed in last month's *Bugle*, the devious organisers of the Husbands Bosworth Annual Horticultural and Craft Show, have come up with the following, which will need advance preparation:

- Three specimens each of 3 distinct varieties of potato
- Three kinds of salad ingredients (not salad cream, or any type of dressing!)
- A flower and foliage arrangement celebrating the Queen's Diamond Jubilee - accessories allowed
- Any edible item, home-grown by an under 12 year old

Also, in the potato, runner bean and tomato classes, we are holding a 'Novice' Class for someone who has never exhibited before, on an 'on your honour' basis!

Get germinating, planting and brewing!

Any questions or for showing advice please call Eleanor Murphy on 880476.

HUSBANDS BOSWORTH C. of E. PRIMARY SCHOOL Head Teacher Matthew Bown

From Matthew Bown, Head Teacher

Husbands Bosworth Church of England School have been busy during the month of May. Our Year 2 and Year 6 children took their SATS examinations. We have also been making our own arrangements to celebrate this historical event. On June 1<sup>st</sup> we will be holding our own school street party in the playground and dressing accordingly. We will be finishing our day with a talent competition called 'Bosworth's Got Talent'. We are all looking forward to this day very much. During June and July we will then focus our efforts on celebrating the Olympics.

It looks like this could be a busy end to our school year!

In this special edition of the *Bosworth Bugle* we take a light-hearted look back at the Queen's Coronation Year with some memories and memorabilia from present-day villagers.

## BOSWORTH REMEMBERS

*Robert Constable-Maxwell*

A story well worth passing on ... After the Coronation festivities in London, further events were planned to take place subsequently at Windsor. Two trains were commissioned to transport the dignitaries. The first train was to transport Kings and Queens and a second one was to transport presidents, ambassadors, etc. The first train was to proceed directly to Windsor; the following train was scheduled to stop at a station before Windsor. Each location had a fleet of luxury cars to proceed to Windsor Castle.

For some reason, the first train stopped at the earlier station. The escort of a King in the first carriage - possibly from Nepal - reasonably assumed that this was the correct station and escorted his King and royal party onto the platform. The other royal escorts similarly assumed this was their destination, so that within a very short time there were a number of Kings and Queens and royal attendants wandering about the platform at the wrong station and no one being quite sure what to do.

An unfortunate young officer in charge of the Guard of Honour to welcome the second train saw his train coming into view and gave the immortal words of command 'Get those bloody Kings and Queens back on that train' (A scene straight from *Dad's Army*!)

*Bob Carstairs*

I was 10 when the Queen was crowned. I remember very well at school being given a miniature state coach with four horses, but being very jealous of my sister who was given a blue glass beaker with the *Honi Soit Qui Mal Y Pense* motto emblazoned in gold letters on it! I remember too watching the Coronation on my Uncle Dick's TV - a 12" black and white set.

I also remember standing outside my classroom, having been sent outside for being naughty. The headteacher came past and told me to go in and tell my teacher that the King was dead. I did so, to be told by my teacher not to be so silly and to be sent outside again!

*Eddie Stover*

**These Coronation Teaspoons were given to school children by Kent County Council or Ashford Urban District Council. The central part is like a small copper coin complete with the Queen's head, surrounded by an enamel ring in red, white and blue. One is mine, one was my sister's but was rescued from my mother's cutlery drawer!**

**Beryl Pennington of Kilworth Road remembers:**

*"We invited all the neighbours to watch the Coronation on the television that Dad had made. He hadn't made a cabinet for it, so we had the unveiling of the tablecloth!"*

Beryl is obviously also proud of her mum's handiwork!

*Robert Constable-Maxwell*

I was at the time serving in the Grenadier Guards and was allocated the task of ensuring that the horses taking part in the Coronation Procession were in the right place at the right time to enable the many dignitaries to mount and make a dignified departure. (That was the plan!)

The horses, each with a groom in attendance, had been in place from before the Coronation service and were distinctly restive by the time the service was over.

Whilst many inexpert horsemen were attempting to get mounted, I received a message from Lord Montgomery instructing me to bring his horse to the exit of Westminster Abbey. This would have entailed making a passage through the assembled ranks of horses and would have also generated the prospect of other dignitaries requesting the same.

I chose to ignore the request, but spent a distinctly nervous few weeks afterwards expecting some dire penalty to fall on me for ignoring a direct order from a Field Marshal. In the event, I heard no more!

My happiest memory of Coronation Day was to see the rear end of the last of 'my' horses departing for The Mall!

Coronation Day was husband-to-be, Sidney's birthday - they were wed three weeks later. **Brenda Brown** watched the Coronation on her uncle's television. She also remembers that they were given a silver spoon each at school. **Janet Perkins** was at Lutterworth School and also had a silver spoon, which she still has. **Frances Smith** remembers watching on the neighbour's television but getting rather bored! The *Eagle's* **Sylvia Price** is FAR too young to remember proceedings but her father worked for *Redifusion* at the time and says that the market for television rentals was born at the Coronation. *Several villagers remember that there was a party in the village and that, before she was Queen, Princess Elizabeth visited Thorpe Lubham Hall on several occasions, which always caused a stir locally.*

## February 6<sup>th</sup> 1952: King George VI dies in his sleep

*His Majesty, King George VI, has died peacefully in his sleep at Sandringham House. The official announcement from Sandringham, given at 1045 GMT, said the King retired in his usual health, but passed away in his sleep and was found dead in bed at 0730 GMT by a servant.*

*He was 56, and was known to have been suffering from a worsening lung condition. Princess Elizabeth, who is at the Royal hunting lodge in Kenya, immediately becomes Queen at the age of 25.*

*She has been informed of her father's death and is preparing to return to London, but a thunderstorm has delayed the departure of her plane. She is expected back tomorrow afternoon, when she will take the Royal Oath which will seal her accession to the throne. The cabinet met this morning as soon as the Prime Minister, Winston Churchill, was informed of the news, to discuss the constitutional implications.*

*The House of Commons has also been suspended as a mark of respect. Before MPs adjourned, Prime Minister Winston Churchill offered their condolences, saying, "We cannot at this moment do more than record the spontaneous expression of grief." He is due to make a broadcast to the nation at 2100 GMT tomorrow.*

*As the news of the King's death spread, all cinemas and theatres closed and BBC programmes were cancelled except for news bulletins. Flags in every town were at half-mast, and sports fixtures were cancelled.*

## WEATHER FORECAST

*Tuesday, June 2<sup>nd</sup> 1953*

*Cool and moist, generally northerly airflow. Sporadic rain, especially along exposed east and north-east coastal areas and the south-east, easing later and gradually drying out. Expected maximum afternoon temperature 54°F*

## We look back at Bosworth's celebrations to mark Victoria's Jubilee.

*Extract from the Market Harborough Advertiser November 16<sup>th</sup> 1897*

On Saturday 13<sup>th</sup>, an English Oak was planted to commemorate the 60 years reign of Her Majesty, Queen Victoria. The School assembled at 2.45pm and formed in procession to the Green opposite the Turville Memorial Hall.

Mr. Marsh opened proceedings with a few suitable words and Dr. Whiting presented a new spade to Mrs. Caldecott, who had been asked to plant the tree. Each of the children put in a spadeful of earth, as did many of the inhabitants, after which all joined in singing the National Anthem.

Three cheers were then heartily given for the Queen and also for Mrs. Caldecott. An iron guard was placed around the tree to protect it. At 6.30pm Mr. Wells kindly gave the children a magic-lantern show in the School-room, each child afterwards receiving a bun.

Come inside...

That's what the G.E.C. advertising is asking your customers to do... to remember the 'insides' of G.E.C. sets, because they make sure of good listening and viewing—and, for you, the dealer, less and easier servicing. The new G.E.C. television sets are designed and built to give good television in the simplest possible way... and to go on doing it. That's a great help to you and your customers; and it's why we know that so many people will be saying "G.E.C.—and a good job too!"

\*\*\*\*\*

*Report of the Parish Council Meeting held on Tuesday, May 1<sup>st</sup> 2012 following the AGM.*

Full Council was present. Apologies were received from District Councillor Brian Smith.

Minutes of the previous meeting were read and approved.

## Matters Arising

Patricia Hobson gave a report on the recent LCC Broadband survey responses. The closing results of the survey were very favourable and indicated that the village had responded well. Harborough area had produced by far the most returns of any district in the county.

A temporary repair had been carried out to the vandalism damage to the skatepark equipment.

The provision of a public address system to be used at the Jubilee celebrations and Bosworth Festival was discussed. It was agreed to seek more information on costs and specification.

## Cemetery

Council agreed not to increase Burial Fees and associated cemetery fees for 2012-13. It was agreed to review charges again in March 2013.

Members noted that the unsafe section of the cemetery wall adjoining the allotments had been stripped down to foundation level in preparation for re-building work to commence.

## Playing Field & Play Area

A report of the last Playing Field Committee meeting was heard. Members noted that any work to enclose the pavilion veranda to prevent further vandalism would include provision for authorised access to the outside/disabled access toilet facility.

## Allotments

Clerk informed Council that all viable plots were now let. There are currently no names on the waiting list.

As in previous years, a skip for inert waste from the allotments site would be provided. Allotment holders to be notified of the date nearer the time.

## Planning & Correspondence

Council agreed to send a letter of support to Welford Action Group in their campaign to get an Amenity Weight Limit installed through Welford village.

Members discussed a request from HDC for suggestions of a name for the Begley yard development. It was agreed to put forward 'Gilby Close', which had historical significance to the site.

## Any other business

Council noted that residents of existing properties adjoining the Begley yard site were querying the roof height of the new buildings that were being built.

An inspection carried out on behalf of English Heritage had found that work was needed to stabilise the stonework of the War Memorial. It was agreed to seek further advice on the work that was needed.

*The next meeting of the Parish Council will be on Wednesday, June 6<sup>th</sup> at 7.45pm in the Committee Room of the Village Hall. Members will meet at the Play Area at 7.00pm.*
