

POWER BASE

At a community meeting held recently to discuss the progress of the Renewable Energy Generating Facility (REGF) and the Thermophilic Anaerobic Digester (TAD) plant at Pebble Hall Farm representatives of the operating companies discussed the progress of the two projects.

The TAD processing plant, which will render animal and food waste into fuel to power on-site electrical generators is well advanced and is expected to be operating by the late autumn of this year. In a discussion on the operation of the plant concerns were raised about the storage of unprocessed food waste materials for the TAD process. Assurances were given that the process needed a constant supply of material, which would lead to a typical maximum storage period of 48 hours, although the design of the storage and handling facilities would enable material to be stored safely for up to 7 days. Environmental issues such as smell, noise and emissions would be regularly monitored. The REGF, which will be fuelled by imported wood waste is still at the construction stage and is not expected to be on-line until some time in 2017.

The meeting discussed the routing of traffic to and from the site. It was noted that the raw material for both processes would, where possible, be routed from the motorway system at M1 junction 20 and pass along the A4304 corridor. Concerns were raised that traffic travelling from the south-east would 'cut the corner' by using the A5199 through Welford. The operators assured villagers that haulage contractors would be required to use only designated routes, to avoid unsuitable areas.

The meeting heard that Western Power had indicated that the electrical power feed from the site would be linked into the National Grid at Kibworth by underground cabling, which would presumably be carried out along a cross-country route. Clarification on routing and possible disruption to local communities would be sought from Western Power.

It was noted that the green waste processing presently operating from the site would continue, as a third enterprise. However, there was some relief in that the REGF plant would consume the wood chip that is currently exported from the site, which should reduce the kerbside debris and dust associated with the transportation of this processed material.

WOODLAND FUN

If you go down to the village's Millennium Wood on Saturday, July 4th for the Family Fun Day you probably won't see any bears but there are loads of other things to spot...

See if you can find a thrushes anvil - where the thrush cracks open snail shells to get at the tasty snack inside! Find an owl 'pellet' and carefully open it up to see what The Wise Owl has been eating.

We will be pond-dipping for little fishes, tadpoles and other squiggly aquatic creatures in the pond. Follow the clues and find the treasure on the Woodland Treasure Hunt!

Bring along Mum and Dad and Granny and Grandad for a picnic - there's loads of space where it's safe to run around, trees to climb, explore and play hide-and-seek!

NOTE: This is the countryside - if you go home clean you've not played hard enough!

KEEP THE VILLAGE TICKING...

The official ceremony for the unveiling of the village's defibrillator will take place on Monday, July 6th at 4.00 pm on The Green and afterwards at the Village Hall for tea and cakes.

Children from the village primary school, who have raised a large part of the cost of providing the facility, will be guests of honour and the school band will be playing suitably stirring music.

This will be an opportunity for villagers to come along and show their thanks to those organisations and individuals who have worked so hard to raise the funds to provide and fit the device.

COPY DEADLINE

15th OF THE MONTH

PRECEDING PUBLICATION

The Historical Society has recently published a new issue of the Bygone Bosworth series. "Flying at Husbands Bosworth" teases out and records many of the technical issues, social and personal stories and the inevitable tragedies that relate to RAF Husbands Bosworth, but could easily refer to any such wartime establishment.

The book also looks at local flying before the war, when Mr. Lee's farm at Cote Hill, an established 'hot-spot' of activity for the fledgling gliding movement, was being seriously considered for elevation to airport status.

After the war, flying at Bosworth continued almost without pause for breath, in the greater part amongst the relict of war, with the rise of gliding and the private pilot's licence...

Copies are available from Melvyn Forman 880281. Price £6.

POSTBAG

From Di Jones, All Saints Churchwarden, Highcroft

After more than 20 years of running Whist Drives in aid of All Saints Church, Brenda Brown is putting away her pack of cards to enjoy a well-earned rest. Brenda has faithfully run the Whist Drives on the first Monday of each month, in the Church Hall initially, later moving to Kilworth Springs Golf Club.

We, at All Saints, can only express our gratitude and thanks for all that Brenda has done to help our Church Funds. We cannot let this important village activity fade away. Members of the PCC are prepared to host the event on a temporary basis but we are looking for a volunteer to take it over permanently. If you would like to be involved in this activity, (you don't have to be able to play whist), please contact me, Di Jones 880741 or Rev Liz 880351

From Heather O'Connor, Fernie Court

I am doing a Bottle-in-a-Bag stall at Bosworth Festival in aid of the Millennium Wood Trust and am gathering donations of bottles - filled bottles especially, but also empties, or both, for the stall!

The Millennium Wood is a lovely place for a picnic or a quiet walk, or to play with your dog or kids. We're having a family day down at the woods on the Saturday, July 4th. Everyone welcome. If there is anyone else you feel might like to donate to this local treasure please forward this plea to them. Thanking you for your support.

Average movements per day: 1301

Average speed: 26.8mph

Highest recorded speed: 49mph

In recent weeks there have been a number of thefts of Land Rover Defenders locally. The vehicles have been stolen at night, taken to remote locations and stripped of all valuable parts. The assumption is that this is a professional gang with the expertise to get around the vehicle's security systems and to quickly remove its component parts. It is likely that the target vehicles are being identified in advance, so be aware of strangers taking an unexplained interest in your property or vehicle.

As the weather improves Lutterworth Police would continue to remind you to lock your windows when you leave your home unattended, however warm the day is. During the summer, the Beat Team will be patrolling the village and offering crime prevention advice. If they find an insecure house they leave a leaflet informing the residents of the dangers of doing this.

The Beat Team will be at Lutterworth Town Carnival on July 4th and the monthly Beat Surgery will be held as usual at Lutterworth Library on Friday, July 10th, attended by PCSO 6569 Peter Willson on this occasion. Please call in to see Peter if you have anything that you would like to discuss with him. Have a lovely summer! PCSO 6008 Laura Bolton

BOSWORTH IN FOCUS

A ROUND-UP OF LOCAL NEWS

ARCHAEOLOGY TODAY...

Leicestershire and Rutland Archaeology Festival, which runs from July 11th - 26th, is hosting a wealth of archaeological and heritage events throughout the county. Locally Harborough Museum will be looking at Saxon Harborough on Wednesday, July 22nd (10.00am - 4.00pm) with activities for all the family, including real artefacts from the TV *Time Team* digs. Meanwhile, on Saturday July 25th Lutterworth Museum will be hosting a flint-knapping demonstration, local field-walking finds and the Lutterworth Test-pit Project. There will be over thirty guided walks, including walks at Claybrooke village, prehistoric Frolesworth, St. Mary's Church, Lutterworth and a chance to explore the site of the High Leicestershire village of Owston and Owston Abbey.

All told, the Festival brings together over 60 events around Leicestershire and Rutland. Leaflets are available in the Village Hall, Post Office and at Bosworth Festival.

Lowest Temp: 2°C [0°C]

WILD ABOUT BOSWORTH

Illegal Immigrants

It's not known if they crossed the channel under their own steam or as stowaways, but since they arrived in 2001 they've swarmed across England and Wales. 'They' are tree bumblebees - *Bombus Hypnorum*. With their distinctive orange thorax, black body and white tail they're easy to recognise, though some go bald through wear and tear and lose their ginger ruff! Being woodland creatures, they typically search out cavities in trees or logs to set up home. A local swarm chose a sawn tree trunk alongside the canal towpath. They frequently occupy bird boxes; apparently this is their idea of the perfect 'des. res.'! Away from the hive, they can be seen busily gathering nectar and pollen; they are very efficient pollinators, and don't appear to be a threat to native bees. They are quite passive, but will vigorously defend their hive if threatened. You may encounter a hive with a cloud of bees around the entrance. These are drones, male bees, and they have just one thing on their mind... they are all watching for the chance to mate with an emerging virgin queen. During mating they fall to the ground, so try not to step on them. And remember, it's only lady bees that have a sting in their tail! If you spot a hive, take a picture if possible and report it to the 'Bees, Wasps & Ants Recording Society'. Contact details at: www.bwars.com

Mike Chanter

BRIGHT LIGHT

Proposals for the solar energy farm near Theddingworth have re-emerged recently. The revised plan is for 21 hectares (52 acres) of panels on land bordering Mowsley Road. The original proposal tabled in January 2014, which was withdrawn was for 75 hectares (185 acres). The new application lies within the block where the original solar panels were to be sited. Objections at that time included the detrimental effect that such a large array of panels would have in the open countryside setting.

The County Conservation Officer is less than impressed by the proposal. Although conceding that the reduced scheme will be less noticeable in the landscape and be further away from the canal conservation area than the previous application, he notes that the development still covers a significant area, overlying several archaeological features. Additionally, he notes that the lie of the land means that the site will be visible over some distance and from several locations, including roads and public footpaths in the Laughton Hills area. In conclusion he asserts that the development, as proposed, would be an unwelcome modern intrusion into the rural setting, the village and the church.

View and comment on the proposal on Harborough's planning portal: reference 15/00614FUL

SUPERFAST LEICESTERSHIRE

We hear that the telecomms cabinet on Bell Lane in the village has now been enabled for high-speed Broadband. This means that 101 addresses somewhere, not necessarily in Bell Lane, are now capable of upgrading to the super-fast service.

The Superfast Leicestershire team have promised to keep villagers informed of when each cabinet goes live but if you would like more updates on a regular basis of the local roll-outs you can sign up for e-updates at www.superfastleicestershire.org.uk/register-for-notifications/

SCHOOL REPORT

HUSBANDS BOSWORTH C. of E. PRIMARY SCHOOL Head Teacher *Louisa Morris*

ST. ANDREW'S PRE-SCHOOL IN NORTH KILWORTH

St. Andrew's Pre-school is a small, homely pre-school based in North Kilworth and serving local communities, including Lutterworth.

St. Andrew's offers a dedicated and enthusiastic team of staff committed to providing the best care for your child. Sessions are held in a relaxed atmosphere and safe environment, ensuring that children feel happy and stimulated.

They take children from 2½ years up to school age, and offer flexible sessions, including half and whole day. St. Andrew's was assessed as Outstanding in a recent Ofsted Report. Places are still available for September 2015 so if you would like to get in touch a viewing can be arranged.

For more information, or to view, call Angela on: 880430 or 07908672712

Registration is free and Government funding is available for all 3+ year olds.

BYGONE BOSWORTH

Images from the Historical Society's Archive Collection

Park Gates, Husbands Bosworth.

I am indebted to our old friend Jon Krenytzky of Texas for sending me this picture of the Hall Lodge and gates taken from a postcard in his private collection. The postcard is one of a series of local views that were sold in Husbands Bosworth Post Office in the 1950s. Little has changed over the past 60-odd years in this view, barring the removal of the post and chain fencing outside the Lodge and the fine lattice gates to the Park. Nowadays a more prosaic cattle grid allows the unhindered passage of traffic to The Hall and makes a valiant attempt to keep Mrs. Constable-Maxwell's flighty Soay sheep within the confines of the Park!

Jon and his family came to live in Husbands Bosworth in 1956. Jon's father, Major S. N. Krenytzky, was an officer in the USAF, based at Bruntingthorpe, which at the time was a front-line strategic bomber base flying the mighty 6-engined Boeing B-47 *Stratojet* nuclear bomber.

LIFE'S ADVENTURE STARTS HERE

ACTIVITY GROUPS

HISTORICAL SOCIETY

The Historical Society Annual Garden Party will be on Sunday, July 5th at the home of Brian and Frances Smith, 10 Butt Lane from 6.00pm.

This popular social event concludes the Society's calendar for the summer and is open to members, former members and friends. As usual we will be serving strawberry cream teas, a selection of fine cheeses from the cheese-board and Heather's famous summer Pimms! For catering purposes would those wishing to attend please contact Frances on 880225. Cost is £4 per person.

The Committee hope that members have enjoyed the meetings and look forward to welcoming you back on Wednesday, September 2nd, when Harborough Movie Makers will be kicking off the new season with a selection of their recent films.

SUMMER FETE

Brook House will be holding their Summer Fete on Saturday, July 25th from 2.00pm to 4.00pm.

You are cordially invited to come along to this annual family fete, where there will be a number of stalls and refreshments available. If you're spring cleaning and have any books and bric-a-brac items that you would like to donate these would be very welcome. Proceeds all go towards little extras for the residents.

PARISH COUNCIL NEWS

Report of the Parish Council Meeting held on Tuesday, June 2nd 2015

Full Council and Police Community Support Officer Pete Willson were present

Visitors' Questions

- ♦ Council discussed the poor road markings throughout the village. PCSO Willson informed Council that he had raised the matter with HDC but would do so again, especially as some markings had been redone but others, particularly the double white lines outside the church, were illegible. Council queried the legality of lines that were so worn that they couldn't be seen.
- ♦ The hedge overgrowing the footway on School Lane had been highlighted to PCSO Willson by the school head. Clerk pointed out that this was the responsibility of the householders backing onto School Lane, but hadn't been properly cut back since the houses had been built. The actual hedge-line should leave a small verge if cut back properly.

Minutes of the previous meeting were circulated and agreed

Matters Arising from the Minutes

- ♦ Council noted that the cemetery paths had been sprayed.
- ♦ Mr. Forman queried why only the upper part of Broad Lane had been resurfaced and the lower part had been left. Clerk was asked to write to Highways regarding the matter.

Cemetery

- ♦ A third quotation for repainting the railings on the front wall was being sought. Remedial pointing around the railings had been carried out.

Playing Field & Play Area

- ♦ Council agreed a quote for the refurbishment of the steps on the slide mound. Wear and tear and age-related decay on one of the major Skate Park installations needed attention. Council agreed to this work being carried out as soon as possible.

Allotments

- ♦ Council members had carried out an inspection of the allotment site prior to the meeting. Four plots were not being maintained satisfactorily, one apparently not being tended at all this season and Clerk was asked to contact the plot-holders and bring the matter to their attention.
- ♦ It was noted that the roadside gate is often left unlocked and sometimes left open at night. Clerk agreed to put a notice on the notice board.

Traffic Issues

- ♦ Mr. Fletcher had attended a meeting with the Welford Action Group concerning the forthcoming Plantworx exhibition at Bruntingthorpe, which was expected to attract up to 350 exhibitors and 3,500 visitors. The organisers assured the meeting that their relationship with local villages with regard to traffic control and disruption was high on their agenda and they would actively direct traffic along routes that would cause least problems.

Rural Broadband

- ♦ Mrs. Hobson informed Council that parts of Bell Lane were now High-Speed Broadband enabled and urged villagers to check the availability. It was expected that the service providers would be offering good deals for those wishing to upgrade to high-speed. Mrs. Hobson had queried with BT why the work on The Green, which would see a greater portion of the village enabled, had not been carried out. There was some confusion regarding the siting of the cabinets.

Accounts

- ♦ Council agreed to adopt the Annual Accounts for year ending March 31st 2015, so that they could be forwarded to the Auditors.

Correspondence and Planning

- ♦ Council had received a letter relating to a proposal to develop land off Butt Lane. Clerk was asked to respond that Council could only discuss the matter after it had been formally submitted as a planning application.
- ♦ A letter from the agent dealing with the proposed Welford Road development indicated that Highways had voiced concerns over the access.

Any other business

- ♦ The village website was discussed with regard to publishing details of parish council meetings. It was noted that parish business was included in the *Bosworth Bugle*, with details on the website of how to contact the Clerk. Mr. Forman agreed to look into improving the parish council web page and include dates of forthcoming meetings.

NOTE: There will be no meeting of the Parish Council in July. The next meeting of the Parish Council will be on Tuesday, August 4th at 7.45pm in the Committee Room of the Village Hall.

CHURCH NEWS

All Saints Parish Church, Methodist Chapel & St. Mary's Roman Catholic Church

From the Rectory

It was my pleasure and privilege the other week to be invited to the Golden Jubilee of the Ordination to Priesthood of Father Owen O'Neill, who is based at Market Harborough but also cares for St Mary's Catholic Church here in our village. It was a very full church for this occasion, with people gathered from many places - locally, some of his previous parishes, his family from Ireland and priests from across the Catholic Diocese. It was a true celebration of a life of service and I pray Father Owen will enjoy many more such years - this is a marker along the way, not the end of the road.

At the end of the service, among the presentation of gifts, Father Owen was given a rendition of the song 'Love Changes Everything'. It made me stop to think how love is really what we are all aiming for. We want to be loved and to have someone to love. Those needs are met in our families or among our friends, if we are blessed. But it is also what we are aiming for in our faith in church - to discover that God loves us, and that we can love him in return. So often we hear other voices that tell us that God is angry or cross with us, or we think that we are unlovable for some reason. The truth is, there is nothing we can do to make God stop loving us, we just have to find his love and accept it - and when we do that, as the song says 'Love will turn your world around, and that world will last forever'. God is love and I pray you will discover his love for yourself.

Congratulations to Father Owen, and may God continue to bless you richly. *Liz*

OPEN CHURCH

All Saints Church will be open for afternoon teas on Sunday, July 12th, 2.00pm to 4.00pm. All proceeds in aid of the Roof Repair Fund.

WHIST DRIVE

A Whist Drive is held on the first Monday of each month, 2.00pm to 4.00pm at Kilworth Springs Golf Club in aid of Church Funds. Call Di Jones on 880741 for details.

KNAPTIFT OPEN-AIR SERVICES

Services in the ruins of Knaptift Church continue on Sunday, July 19th at 3.00pm, when Rev. Andy Rhoades, formerly Priest-in-Charge of the Hexagon Benefice will be making a welcome return to lead the service. As usual Fleckney Silver Band will be providing the musical accompaniment. In the case of inclement weather the service will be held in adjacent farm buildings.

A WAY WITH WORDS...

This is a highly unusual paragraph and I'm curious to know just how quickly you can find out what is actually so unusual about it. It looks so ordinary and plain that you would think nothing was wrong at all with it. In fact, nothing is actually wrong with it! It is all right in layout, grammar and form. It is highly unusual though. Study it and think about it and you still may not come across anything at all odd. But if you work at it for a bit though you should finally find out. Try to do so without Googling it!

'JJ's Kiddycare'
