

## RAISING THE ROOF

**T**he Trustees of the Turville Memorial Hall are pleased to announce that Tarmac, the operators of Bosworth Quarry, have donated over £48,000, through the Landfill Communities Fund, towards the restoration of the hall roof.

Works to replace the roof of the 120 year old hall are underway and are expected to be completed by September. As the hall is situated in a Conservation Area, the roof has to be replaced with the same material and so will be fixed with new clay roof tiles. The opportunity is also being taken to insulate the building, something it currently lacks, whilst the roof is stripped back. Part of the grant is going towards replacing interior light fittings with LED lighting, to reduce energy consumption.

Tarmac estates manager, Tim Deal, said: *"We're delighted to be able to support a project that will provide so many benefits when completed. Engaging with the communities in which we operate is something we strive to do across our business and providing a well needed grant for the village hall is a great way we can involve ourselves."*

The village hall is a vital resource for many groups locally, both young and old, including a much-needed facility for the school, concerts and shows. The hall was gifted to the village 120 years ago, and is a registered charity which is maintained and managed by a dedicated team of volunteers. The grant provides an ideal opportunity to ensure the building operates for many more years without worries of the roof failing.

Samantha Bell (Chairman), said, *"On behalf of the village of Husbands Bosworth, we are delighted and thankful that we have been awarded the grant to enable us to replace a very old, deteriorated roof before it fails completely. It would have taken us years to raise the funds to replace it."*

**NOTE THAT THE HALL IS OPEN FOR BUSINESS AS USUAL DURING THE WORKS.**

*Nutfield and Raymond* are a pair of traditional working boats that used to ply the canal network carrying coal and barrels of fruit juice. These days, retired and in preservation, the pair travel regularly up to Foxton Locks for the waterways festival at the end of June. For the past few years, on their way through Bosworth on the canal, the boats have picked up a 'precious cargo' of children from the top class of the village school and ferried them through the tunnel, to show the children something of the lives and working conditions of the boat-people in the working days. ## MEGA PARK ON HOLD

**P**roposals to extend the Magna Park warehouse and distribution centre have been put on hold by Harborough District Council following a legal review of the planning process. IDI Gazeley's plans related to land to the north west of Mere Lane, in Bittesby parish. The application, to create a storage and distribution centre and ancillary infrastructure at the Magna Park business park, was originally given approval at an extraordinary meeting of HDC Planning Committee back in January. However, following legal advice, the Council is re-considering the application in light of advice relating to the nearby Bittesby Deserted Medieval Village - a national and statutorily protected heritage site and Scheduled Ancient Monument (SAM).

The application proposes a massive storage and distribution centre, on a greenfield site, outside the present curtilage of Magna Park. The proposal also includes the creation of roundabouts, partial realignment of Mere Lane and upgrading of the A5 road to dual carriageway. The committee meeting to re-consider this application will be held on Wednesday, July 13<sup>th</sup> at Bruntingthorpe Proving Ground. *Two further planning applications for storage and distribution centres at Magna Park are set to be considered by the council's planning committee later in the year.*

## POSTBAG

*From FOBS*

We are trying to make FOBS events 'whole village' events. We don't want villagers to think it's a school event only so they don't get involved. The Treasure Hunt went well, but again it was only supported by parents from the school and we want to get the whole village involved in future. We think the FOBS Open Gardens event will be a great event for the whole village. Do please support it! More information later.

*From Nick Otter, Kilworth Challenge*

Although only 16 teams competed in this year's Kilworth Challenge they managed to raise over £40,000 - a truly tremendous amount. Challenges were the usual mix of physical, mental and team work and those that were just plain fun!

The winners were 'E for Idiot' (Ed Barker, Neil Riley, Jamie Wright and Charlie Bruce), pushing for the honours after last year's third place. Second were last year's winners, 'Keeping up with Jones' (Steve Barker, Peter Jones, Chris O'Neill and Jez Wilkinson) with 'Gaddafi Duck' (Martyn Rothwell, Andy Farrenheim, Adam Shield and Tom Georgi) coming in third. All very close stuff, with only 20 points (in 4000 or so) separating the top three at the end! 'Victorious Secret' (Beth Kench, Eve Rossi, Megan Ribton and Molly Cooper) won the female title, and also raised the most sponsorship - a truly amazing £6,453. 'The Kilworth Lions' (Adam Herring, Neil Foster, Stefan Green and John Walsh) won the over 40s again with 'The Rapid Racers' (Caroline Walpole, Matt Iliffe, Hannah Walpole and Dan Iliffe) taking the mixed team.

Most of the funds raised this year will go to Dukes Barn in Derbyshire, Leicestershire Youth, and Over the Wall - three local charities that help disadvantaged and handicapped children. The remainder will go to local charities and good causes in the Kilworth area.

The organisers would like to express their appreciation of everyone who helped, especially the marshals, the Air Training Corps, the First Aiders, all the landowners, the Sports Club and to Kilworth House Hotel and Theatre again for their sponsorship. But special thanks goes to the competitors themselves who made it such a successful event.

A ROUND-UP OF LOCAL NEWS

## NGS OPEN GARDENS

David and Ros Dunmore would once again like to invite you to a relaxing visit to the garden of Orchard House, 14 Mowsley Road on Sunday, July 24<sup>th</sup> from 12.00noon until 4.00pm, as part of the fund-raising National Gardens Scheme.

The colours of summer will be combined with creative container planting, water features, plants to purchase and delicious teas and cakes.

This year we are pleased to be joined by the residents of Mowsley Court, who would like to welcome you to view their courtyard gardens on the same day.

All proceeds for this event will be donated to the major Cancer charities: Macmillan Cancer Support, Marie Curie Cancer Care and Rainbows Children's Hospice Care. Admission is £3 (accompanied children free) to include both venues. Tickets available from Orchard House on the day.

Once again we are looking forward to welcoming all visitors on what we hope will be a warm sunny day.

## WILD ABOUT BOSWORTH

Common Buzzard: *Buteo buteo*

These articles always seem to be full of doom and gloom, but occasionally there's good news in the world of wildlife.

For instance, I recently spotted a red kite in the area. These birds almost vanished early in the 20th century and only survived in the wilder parts of Wales. But after re-introductions, protective laws and work by the RSPB, their numbers have recovered to around 1,600 breeding pairs across the UK.

Similarly, ospreys are doing well, though you're unlikely to see them in the Husbands Bosworth area. However, through the wonders of the internet, you can 'watch' them. Have a look at the Rutland Water website, [www.ospreys.org.uk](http://www.ospreys.org.uk). Their Manton Bay camera is trained on an osprey nest. This year's chicks should fledge around the first of July but, like all youngsters, they return home to beg for food!

The third raptor, whose numbers are increasing, is the buzzard. This is a bird you will certainly see in our local countryside. You'll also hear their distinctive call. When courting, or grumbling at harassing corvids (crows, rooks, etc.) they make a noise which sounds a lot like a squeaky toy. For such a bruiser of a bird, it's an incongruous squawk.

Their diet consists of anything they can get their talons into, which includes carrion, small mammals, birds, reptiles, large insects and even earthworms. I once saw one tucking into a chicken. Coincidentally, it was Christmas time... By the way, the females have the biggest talons and beaks!

During the first half of the last century they disappeared from many areas of the country. The cause was shooting by gamekeepers, the myxomatosis plague and pesticide pollution. But, with legal protection and more favourable countryside practices, by 2013 their numbers had recovered to around 68,000 breeding pairs.

## BYGONE BOSWORTH

*Images from the Historical Society's Archive Collection*

Back in April we featured a similar picture to this one, of the corner of Bell Lane and High Street, and in particular Mather's Garage, which occupied the site of the present day Cheney Court.

Subsequently we were contacted by reader, Clifford Smith of Kibworth who had come across our mention of Mather's during an internet trawl. His interest lies in a motorcycle that he has recently restored; a BSA Model 'L' 350cc. The machine was purchased from Mather's Garage on May 8<sup>th</sup> 1928 by a Fred Stamford Greaves of Mowsley Road, Husbands Bosworth. The actual records show 'Market Bosworth', but as Mr. Smith notes, a plate on the tool-box clearly states 'Mather's Garage Husbands Bosworth'.

A postcard in the Society's Archive Collection declares that Mather's, at this time, as well as providing general motor repair facilities, also sold tyres and accessories and hired motor cars.

Three Council members and PC Nicola Diaper and PCSO Pete Willson were present.

Apologies received from Sue Fisher, Patricia Hobson and County Councillor Graham Hart.

### Minutes of last meeting were read and approved

### Matters Arising

■It was also noted that some trees close to the margins needed lower branches removing.

### Playing Field & Play Area

■Council members had met in the Play Area prior to the Meeting. A RoSPA report on the condition of the skatepark and play area equipment was now due. It was expected that some minor repairs would be needed.

## QUARRY NEWS

**Village representatives met with the quarry management team to discuss local issues at a recent Quarry Liaison meeting. An update of quarry operations showed a sustained recovery within the construction market with increased tonnages of aggregates moving off the site during the year. Changes in the industry meant that much of the material was now leaving as bagged product on high capacity lorries, reducing vehicle movements.**

**Landfill traffic into the site had been maintained, with a number of large contracts from the Leicester area. An extension to the landfill area was planned to cope with expected demand.**

**Work on the restoration of the Welford Road site was likely to be completed within the next two years, where a small pocket of aggregate was recoverable, after which the land would be restored to agriculture, wetland and amenity lakes.**

**Meanwhile, work on the Butt Lane site is providing sufficient aggregate for current production. An extension of the extraction area here, was being considered as part of the Leicestershire Minerals Plan review.**

**The group heard that a number of thefts and criminal damage incidents had led to a recent update of the CCTV and surveillance system, now linking the whole site to a rapid response security team.**

**Villagers with concerns about the operation of the quarry site should contact the Parish Clerk.**

# CHURCH NEWS

All Saints Parish Church, Methodist Chapel & St. Mary's Roman Catholic Church

## FROM THE RECTORY

By the time you read this the outcome of the EU referendum should be known and our politicians will have a mandate from the country as to what the majority of those who voted want. It has been a fraught few weeks and months as people have given their views about what will happen with one outcome or the other. Scare-mongering tactics have been used and we have been left wondering who and what, to believe. Sadly, we have also lost MP Jo Cox, seemingly due to a difference in views to the person who shot her. A tragedy which should never have happened in a country where free speech and democracy are highly prized and to someone who has dedicated her life to helping those in need through her work for Oxfam and supporting those fighting for their human rights.

We may or may not like the outcome of the referendum, but we have had the chance to have our say and we have to live with it, as do the politicians. We, and they, now have the task of making the best of the choice that has been made. Let's not allow our different choices to divide us. We have all been made as unique individuals and have a right to be different from others, to see things differently, to hold different opinions, to make different choices in life. Living with difference is something we all have to do - no-one else is going to be exactly the same as us. That difference brings colour and strength to our communities where we embrace and accept it.

Accepting difference is also a character of the love of God - He accepts us all whatever we are like and has no preference for race or gender or for political party. God's love embraces all, both saints and sinners, both 'Remainers' and 'Leavers'. May you each know that love in your lives. *Liz*
