

HEALTHY SIGNS FOR NEW SURGERY

It looks as if the new doctors' surgery, within the new development off Welford Road is back on track. As noted previously in the *Bugle*, concerns had been raised locally that the surgery element of the development seemed to have been sidelined by the contractors who have been preparing the site for the 42 home project - there being no preparation of the part allocated for the surgery.

However, recent communication between the Parish Council and Davidsons, the developer, has confirmed that transactions with the Harborough Medical Practice have now been completed and construction of the new surgery is expected to get underway shortly. The Practice has confirmed that the build period will be 28 weeks, so it is hoped that the new surgery will be open in early January 2018. The new surgery will have five consulting rooms, three treatment rooms and will continue to provide pharmacy and dispensing facilities. The site will boast twenty four parking spaces.

NEIGHBOURHOOD PLANNING

The Husbands Bosworth Neighbourhood Plan process is well under way. The completed Plan will be a legal document that will guide future social and economic growth in the village, as well as influence developments in our built and natural environment.

An Advisory Committee has been set up and a consultant and part-time clerk employed by the Parish Council to lead this venture (grants have been obtained to cover these costs) Search "*Neighbourhood Plans*" and the "*neighbourhood planning gov.uk*" site for more information about the process.

An essential element is public consultation and to this end there will be an Open Event on Sunday, July 16th in the Village Hall, 12.00pm to 4.30pm. Here there will be an opportunity to share your views and ideas and see if you would like to be involved or join any of the 'theme groups' that will be set up in the next stage of the process.

The Plan looks toward protecting the community into the next generation so, to give the children and the younger families a sense of ownership and involvement, the school was invited to design a logo for the Plan, bringing forward some excellent artwork and ideas. Thank you to the children and staff for their efforts.

The Advisory Committee meets regularly - dates and agendas are posted on the Parish notice board on The Green. These are not public meetings but the public is invited to attend and there is always a slot during the meeting when you can air your views.

ONE MAN AND HIS DOG... AND HORSE

Bosworth Hall Park will be hosting Husbands Bosworth & Theddingworth Sheep Dog Trials on Friday, July 21st and Saturday 22nd. Gates open to the public from 9.30am. In conjunction with the Sheep Dog Trials on Saturday 22nd, the Park will also be hosting an unaffiliated Horse Show. Showing and jumping classes will take place throughout the day. There is a great variety in the showing classes and fun classes, from Mountain & Moorland to Best Mane & Tail. Rosettes are given up to sixth place in all classes. The Show's emphasis is on fun, aiming to cater for all abilities from novice, nervous to the more advanced riders. All classes are 'entry on the day'. Light refreshments will be available all day from 10.00am.

WESTERN COUNTRY

The Village Hall Committee and FOBS are organising a joint fundraising "Yeehaa" party at the Village Hall on September 23rd. Live music from modern Country & Western band, *MusTasH*. Cash bar and raffle. Cowboy boots optional... Tickets can be purchased from members of the Village Hall or FOBS committees or on-line through Eventbrite by searching The Bosworth Yeehaa.

BUGLE POSTBAG

From Clwyd Smith, Newcastle on Clun, Salop

Clywd, Chris, Ed and Jane would like to thank all those wonderful villagers who attended Mam's funeral in May. We are sure Mam must have loved seeing so many of those that she knew and loved, and the family were very grateful for the support. Thank you.

From Neil Hankin, Friends of Raymond

Thanks to all the visitors to Welford Wharf over the weekend of June 10th/11th who took time to visit the boats. Due to your generosity we raised nearly £200 to help keep these heritage boats afloat.

From Patricia Hobson, Parish Councillor, Superfast Broadband Lead

Amanda Parker has my sympathy regarding the lack of opportunity to upgrade a broadband contract to superfast speed. Many of us will know how frustrating this can be.

The Superfast Broadband project launched in 2013 with funds from the EU, the Government and District Councils, was always seen as a long-term project. So far, superfast has been made available to over 73,000 properties in the county. By September 2018, another 11,000 should benefit, bringing the total to 97% of properties in the county. We were fortunate to receive our new connections relatively early in the project and many villagers (who were able to) took up the available upgrades, despite the additional contract costs.

The difficulty was always going to be the more difficult to reach properties and it has recently been announced that a £5 million plan is set to roll out to try to achieve this.

Visit the superfastleicestershire.org.uk website for information on the progress of the scheme and future plans, though it's often not right up-to-date. There is also the opportunity to enter your phone number to get individual information on progress, and there is an interactive map of the county's progress and a Q & A section. It would also be worth villagers from outlying properties checking to see if they qualify for the Better Broadband Subsidy Scheme.

Last month we reported on what seems to be an escalating problem with vehicles travelling the wrong way in the village's one-way system. We asked readers to let us know about incidents so that we could assess the problem. A number of you have contacted us with reports of incidents. Villagers Carole Lister and Samantha Bell also sent in these pictures to reinforce the issue.

Both vehicles appear to have been driven up

Bell Lane and parked; the delivery van actually delivering to an address! Carole noted that the coupé was parked outside her home for two days and suggests that signing on Bell Lane might be lacking for vehicles leaving Brook House and The Bell Inn.

Delivery vans on the other hand are usually routed by Sat-Nav (as we have noted in the past where similar delivery vans have become stuck in the 'narrows' of Green Lane after following Sat-Nav instructions) so, we can only assume that he ignored his device's plea for him to: 'Make a U-turn when possible'!

LOROS COFFEE MORNING

Penny Mattock will be hosting a summer coffee morning on Saturday, August 5th at her home, 9 Fernie Court, 10.00am to 12.30pm in aid of LOROS. Everybody is welcome. With this event and other local events Penny is raising funds for LOROS for her walk on the Cleveland Way, which starts at Helmsley and goes through the Yorkshire Moors to Saltburn on the Yorkshire coast and then south, along the coast through places such as Whitby, Robin Hoods Bay and Scarborough, finishing at Filey. It is 110 miles, so a much shorter walk than last year!!

Penny would like to thank Springfields Supermarket and The Bell Inn for their support.

WILD ABOUT BOSWORTH

The European rabbit - *Oryctolagus cuniculus*

We are surrounded by rabbits. Head out of the village at dawn or dusk and you will see them scampering into the undergrowth. Zoologists call animals that are active at these times 'crepuscular.'

They evolved in Spain and, for a long time, academics argued over who introduced them to Britain; the Romans or the Normans. Recently, however, archaeologists unearthed some rabbit bones alongside a Roman cooking pot; placing their arrival about two millennia ago.

By the 1950s, the UK population was roughly 100 million. But in 1952, myxomatosis was illegally introduced to France from where it swept across the continent; reaching Britain a year later. Initially, the virus inflicted a 95% mortality rate, but since then there's been a battle between the virus's capacity to mutate and the rabbits' evolving immune system. At present, rabbits are in the ascendant, with a population of 60 million in the British Isles; that's roughly one for each and every one of us. However, there is a dark cloud on the horizon in the form of Rabbit Haemorrhagic Disease (RVHD-2). This is a new strain of virus, which could become as devastating as the myxomatosis epidemic. And we shouldn't forget the impact it will have on their predators: foxes, stoats, weasels, buzzards, etc. While this is distressing to devotees of 'Watership Down', unsurprisingly farmers will hold a different opinion...

Undoubtedly, rabbits' renowned reproductive capacity will enable their numbers to bounce back. A doe reaches sexual maturity within a month of being born. After mating, gestation takes around 31 days and she can be re-impregnated within hours of giving birth. With litters ranging from two to twelve kits, unless checked by predation or disease, their numbers grow exponentially. Twenty-four rabbits released in Australia became 600 million in less than a century!

SCHOOL REPORT

HUSBANDS BOSWORTH C. of E. PRIMARY SCHOOL Head Teacher Alan Eathorne

As we approach the final few weeks of this academic year, we look forward to the year ahead. Nine of our children will be leaving our school to go to secondary school. We wish them continued success on their educational journey and thank the parents for their support over the years. We look forward to welcoming fourteen new children and their families to the school in September as they join Class 1.

The children have been carrying out research about their homes and other buildings in the village. They have found out a huge amount about their houses and will be sharing this as part of the Neighbourhood Plan event on Sunday, July 16th in the Village Hall. The children and their families have really enjoyed finding old documents and photographs and unearthing information they never knew about their homes.

I hope you all have a lovely summer holiday and I leave you with a few extracts from children in Class 2's fabulous story writing.

The Windmill Farmer

'When the farmer came to check, the wind wrapped around him and took off his hat and he tried to save them but it was too late the wind had sent it crashing onto the hillside...'

Josh H

'The next morning the farmer was still sad but the he saw the snow had melted. Suddenly a seedling blew into his hand...'

Beatrice

Thank you for letting us share what we have been doing and for publishing some of the children's writing - they love seeing their names in the Bugle.

BYGONE BOSWORTH

Images from the Historical Society's Archive Collection

The school children have recently been doing a project on local heritage and the history of village buildings, and have been seeking information about various buildings.

Although The Old House on Honeyput Lane proudly boasts its antiquity in the 1712 date marked in brickwork, it's

likely that the oldest

dwelling in the village is The Wheatsheaf on Bell Lane, that may pre-date this by three hundred years!

Although today the main part of The Wheatsheaf appears to be Elizabethan with its ornate wooden framing and infill, the oldest part by far is the middle part, to the right, which is based on a cruck timber frame, which probably dates back to Medieval times.

The crucks, or curved timbers, formed a sturdy and stable framework around which the lighter brick, cob or stud walling was constructed and inside The Wheatsheaf the crooks are still part of the structure of the building.

SCOUTING IN BOSWORTH

1st Kilworth Scout Group has had an eventful spring. In April our Beavers, Cubs, Scouts and Air Scouts joined with the rest of the South Leicestershire District at Illethorpe Campsite to celebrate St. George's Day. Scouts, Air Scouts and District Explorers and Network spent the weekend building a zip-line, a seesaw, obstacle course and other fun activities for the Cubs and Beavers to enjoy all day Sunday. The weekend was capped with all the children and leaders renewing their Promise, and Beth Rogers, *aka* Badger to 1st Kilworth Beavers, received an award for 25 years' service (long overdue as she is now at 28 years!). Such a gathering of the tribes (nearly 300 people!) shows the young Beavers and Cubs what they can grow into if they stick with Scouting; it also demonstrated to those present how large the Scouting family is, even in our small, but expanding District.

The weekend also allowed 1st Kilworth Scouts and Air Scouts to bond with the 115th Leicester Scout Group, who are part of the Muslim Scout Fellowship and were our guests for the weekend, heartily welcomed by the rest of the District. Such a connection, between city and village Scouts, between Christian, Muslim, atheist and humanist, demonstrates once again that Scouting is for everyone.

On a lovely sunny evening in May, we held a well-attended AGM BBQ at the Scout Hut. Norman Byrd agreed to continue as Chair, Louisa Beighton as Secretary and Katherine Clarke became our new Treasurer, replacing Rebecca Kendall, who is stepping down after several years in that position. (Thank you, Beccy, for all that you've done!) Penny Arscott and Ceri Womack agreed to join the Executive Committee to help with fundraising. In recent weeks, we have received funds from the National Lottery and from Waitrose, which will go towards making improvements at the Hut and purchasing camping equipment.

VILLAGE LUNCH

BOSWORTH BELLES

Unfortunately, due to unforeseen circumstances the Welford Walk and Pub Evening planned for last month was unable to go ahead as scheduled.

CHURCH NEWS

All Saints Parish Church, Methodist Chapel & St. Mary's Roman Catholic Church

FROM THE RECTORY

We are currently living in troubled times, with one disaster happening after another. We can see images on TV and hear reports that maybe affect us deeply, things that are truly gut-wrenching. If we lived near to them we might be able to do something to help, but maybe we are glad that they did not happen near to us. We have been asked a number of times, with each event, to spend a minute's quiet to reflect, remember and maybe to pray for those affected.

This week I was in a hospital waiting room with someone when the nurse popped her head in to say that the hospital was observing the minute's silence, the TV went quiet, and conversations stopped and there was something of a sense of joining together, in a very informal *ad hoc* way, in something that was bigger than us all.

With each of the horrific events that have happened recently we have used our mid-week service at All Saints to pray for those affected and have lit a candle for those caught up in these things. It's something we can do together, but we can also do alone. A simple tea-light candle lit and burning for a minute of two serves as a reminder to God and to us of the people who need help. Sometimes when we can't find the words to say as a prayer, the action of lighting a candle fits our purpose - God knows our intention even when we find no words to say.

Let us lay these prayers before him that people may find the help they need and for our nation's protection.
