

BIGGER BOSWORTH

It looks as if the proposed Bowbridge Homes development off Welford Road is finally making a start, with the recent appearance of new signage and banners.

The scheme will provide a mixture of styles within a total of thirty 2, 3 and 4 bed homes, including ten which will be marketed as affordable homes. According to the developer's blurb, the design process has 'looked carefully at the characterful Husbands Bosworth setting'... Consultation with Harborough planners and Husbands Bosworth Parish Council has also helped to define the affordable homes element and a number of aspects of the character and layout. The development even boasts its own 'village green' and open spaces. Corby-based Bowbridge Homes specialise in developing rural schemes and are currently finishing off a 24 home development off South Kilworth Road, North Kilworth.

Sales details are being handled by Connells' Market Harborough office. Call them on 465921 or email: marketharborough@connells.co.uk.

CONKED OUT

Conkers have now been conked and wellies well and truly wanged...

A very big thank you to everyone who helped out and attended our annual Conker and Welly Wanging Championships. We were able to raise over £1,800 which has enabled us to send donations of £650 to each of *Dementia Harborough* and *Canine Partners*, as well as supporting a number of worthy causes within the village.

Thank you, also, to the many local pubs and eateries who very kindly supplied vouchers for our meals board.

We hope to return for our next event on Sunday, October 4th next year.

LOOK OUT!

FOBS Bag2School is back... Details p.4

VICTORY DAY

Throughout the district, plans are underway to celebrate 75 years since the end of World War II with exciting events and activities..

The national celebration for Victory in Europe Day (VE Day) 75, will cover the weekend of May 8th to 10th, with the early May Bank Holiday in 2020 moving to Friday, May 8th to enable an international celebration of peace, remembrance and reflection.

Proposals are underway for a celebratory event in Market Harborough town centre on May 8th with the possibility of other commemorative events being held across the district. This may include participation in special national events such as The Nation's Toast, where over 20,000 pubs will encourage patrons to raise a glass to the Heroes of World War II, and the ringing of church bells for peace.

The Council is also exploring the possibility of what could be done to mark 75 years of Victory over Japan Day in August 2020

BUGLE POSTBAG

From Theresa Phillips, Church Lane

Over the summer I had a visiting dog so walked the various footpaths around the village. I was disgusted by the number of poo-bags, with obvious contents, hanging on hedges, gates and lying in verges. Do the culprits think there is a Poo Fairy that clears up after them? There are a great number of dogs in the village now and I appreciate that most owners are very responsible. However it is incumbent on ALL dog owners to use the bins provided or take their litter home.

From Peter Hirst, Chair, Dementia Harborough.

A huge thank you to all the residents of Husbands Bosworth, Conkers and Sheep Dog Trials organisers and individuals for their support in raising a significant sum of money for our charity over summer and autumn. It is very much appreciated.

I enjoyed visiting, but not competing, at Conkers and was impressed by the friendly atmospheric occasion. I know how much work is involved in organising events like this and we thank you all again for choosing us as a selected charity.

Dementia Harborough is a small independent charity run by volunteers to support local people newly diagnosed with dementia, and their partners, holding meetings offering creative activities, day trips and even a Christmas visit to the Curve Theatre in Leicester. POLICE FILE

LOCAL CRIME

■ Reports have recently been received of burglaries and attempted burglaries at livery stables in the north Northamptonshire area. In a number of incidents horse tack and yard equipment have been stolen.

■ We are getting more reports of catalytic converter thefts, usually relating to high-sprung vehicles, such as 4x4s and Transit-type vans. A worrying trend is that some of these incidents have taken place in the day time, from vehicles parked in store car parks whilst the owners are shopping - the thieves dressed in overalls pretending to be repairing the vehicle!

SHEEP RUSTLING UPDATE

Following a tip-off from a member of the public regarding suspicious activity near Welford at the beginning of October Northampton Police were able to arrest two men from Birmingham on suspicion of carrying out illegal sheep butchery.

Since the spring over 200 sheep have been slaughtered in their fields over a wide area of south and east Leicestershire, north Northamptonshire and north Warwickshire.

In the spate of attacks the animals have been butchered in the field and their remains and stripped carcasses left. In most cases significant numbers of animals have been involved and the nature of the crimes would have meant that some knowledge of stock handling and butchery would be required.

Operation Stock, a cross-county police operation, is still active and police have issued warnings to farmers and stock-keepers, and the general public, to contact them if any suspicious activity is witnessed, especially in remote rural areas.

Where a crime is suspected to be in progress call 999 immediately.

WILD ABOUT BOSWORTH

Common Field Poppy - *Papaver Rhoeas*

If any plant has a chequered history, it's the poppy: A Jekyll and Hyde story of analgesic and sedative versus addictive narcotic. Evidence of its consumption has been found at a Neolithic site near Barcelona, and its use has been advocated by healers from European and Asiatic cultures for millennia. Poppies are listed on a clay tablet prescription slip, from Sumeria, dated around 2100BC.

We're all familiar with the common poppy. Earlier this year, they added a splash of crimson to the verge alongside the new marina. It's a herbaceous plant that flowers from May to October. Each plant can produce up to 400 flower heads and every head holds generous quantities of pollen. Although they are popular with insects such as bees, they frequently self-pollinate. As the plant matures, it grows a capsule which holds over a thousand ripening seeds. So, just three poppies with 400 flowers are capable of producing over a million new plants! In addition to their medicinal use, poppies are used in flower arrangements and their leaves and seeds are edible, although, if drug testing is introduced into our Welly Wanging event, caution is needed as consuming poppy seeds can result in a false opiate use indication! Poppy seeds can lay dormant for eighty years or more and germinate when exposed to light. This explains their proliferation on the battle scarred landscapes of WW1, and why they have become such a poignant symbol of remembrance as voiced in Major John McCrae's battlefield poem (below), which is particularly pertinent at this time of remembrance.

TRANSPORTER TROUBLES

Welford Action Group members have voiced their concerns about a recent planning application relating to the vehicle storage facility at Bruntingthorpe, which seeks to regularise existing car transporter movements, increase movements to and from the site and extend working hours. The group are concerned that problems of transporter movements already experienced, which also impact on Husbands Bosworth, including a traffic management plan and movement monitoring, are not being properly enforced by Harborough planners. View to application on HDC's planning portal at www.harborough.gov.uk 19/01388 (Variation of Conditions (transport movement) of 98/00130/FUL)

In Flanders Fields

*In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.*

*We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders fields.*

*Take up our quarrel with the foe:
To you from failing hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.*

BYGONE BOSWORTH

Images from the Historical Society's Archive Collection

A few months ago villager, Aneurin (Taffy) Owen sent us a picture of a medal that he had unearthed relating to the Civil Defence Corps, to which he had been 'seconded' as a coordinator in a visit by two mysterious suited men back in the early 1950s.

Unfortunately there's very little information to be found about the corps itself, but this photo, teased from the internet, of the Leicester Division Rescue Section shows that they did actually 'muster' and some infrastructure, including a uniform and rather smart van, was set up locally.

The Civil Defence Corps was set up in response to the post-war threat from Soviet Russia. A spidery network of secret installations, communications and administration was established to run the country in the event of a nuclear strike, the extent of which is only just coming to light.

Looking at the Dad's Army-esque bunch in our picture, who presumably would have been the local first-line mopping up crew had the unspeakable holocaust ever come to pass, one wonders how effective our saviours would actually have been against the Soviet threat.

PARISH COUNCIL NEWS

Report of the Parish Council Meeting held on Tuesday, October 1st 2019.

Present: Four Councillors and 1 member of the public

The Minutes of the previous meeting were approved and signed.

Matters Arising

■ Correspondence had been received from LCC Transport indicating that they were seeking an holistic approach to the future of the 58, 33 and 44 bus services in Market Harborough. The present 58 service will continue into the new year whilst the possibility of a satisfactory scheme is investigated.

■ Council is awaiting quotes for fence and gate repairs at the Sports Pavilion.

■ Clerk is seeking quotations for play carpet replacement for the wet-pour surfacing under the play equipment in the Play Area. Clerk was also asked to arrange for corrosion issues on the swings to be investigated.

■ Clerk informed Council that notification of the 6 week Consultation Period relating to the Neighbourhood Plan would commence on October 2nd. Copies of the Plan would be available to the public at the doctors' surgery, the school, the Parish Office and at HDC Symington Building.

■ No further information relating to the Scout Hut lease had been received except that Council's solicitors had advised that the new lease would be back-dated to the end of the previous lease, which expired in April 2017.

■ Council perused accounts relating to the allotment income and expenditure. It was agreed to review rents and conditions in February.

Visitors' Questions

■ Concerns were raised about the speed of traffic on Kilworth Road and the possibility of extending the restricted speed zone out of the built-up area. Council noted that this issue had been raised previously and dismissed by Highways as average speeds were noted as low.

■ The scuffed surface at the entrance to the Sports Pavilion, caused recently by road resurfacing equipment was brought to the attention of Council. Clerk was asked to refer this to Highways.

Planning Matters

■ Council agreed to make a formal objection to proposals to increase the vehicle movements relating to the vehicle storage facility at Bruntingthorpe.

■ Concerns were raised that the highway and traffic mitigation works that were conditions of the operation of the new marina at North Kilworth had not been implemented although the site was now operational. Clerk to inform HDC planning office.

Conkers Championships

■ Council agreed to accept liability cover for the event under Council's insurance.

Village Grass Verge Cutting

■ Council agreed to continue maintaining roadside verges within the village under LCCs Service Level Agreement.

Any Other Business

■ Council agreed to look into precepting funds for the provision of a second village defibrillator. **Next Meeting**

The next Parish Council meeting will be on Tuesday, November 5th at 7.30pm in the Committee Room of the Village Hall.

A full copy of the Minutes can be viewed or downloaded at: www.husbandsbosworthpc.org.uk or by request to the Parish Clerk.

CHURCH NEWS

All Saints Parish Church, Methodist Chapel & St. Mary's Roman Catholic Church

FROM THE RECTORY

For the school service at Harvest time I was asked by the school to say something about saying thank you and it made me stop and think why it is important to say thank you.

It's something we are taught to do as children, to be polite and it perhaps becomes a habit. But do we do it with sincerity - when we say thank you are we really saying it from a grateful heart? And if we are not truly grateful for what we say thanks for is it still a good thing to say thank you for it? I guess we all might have different thoughts on that, but thanking people is an important part of life in a community. It helps us to recognise the part other people play in our lives in giving to us, whether that is in gifts, in time, in love, or in support or help. It recognises, maybe, our dependence upon one another and how working together and giving to one another improves all our lives. Developing an attitude of gratitude encourages one another to keep on doing the things that help each other's worlds to keep going around.

Sometimes, when times are difficult and the outlook is bleak maybe it is hard to keep that attitude of gratitude going and we struggle to see the things there are to say thank you for. Just because our vision is clouded by our inner turmoil does not mean the good things are not there, but it does mean we need to search harder in order to see them. The difference is in our ability to see, and our experience rather than a change in the world itself.

Perhaps in those times we have to lower our sights and not expect the big things, but remember to be thankful for each little thing that comes our way. Saying thank you turns our thoughts outwards towards other people, or maybe upwards, towards God and as we do that somehow our difficulties gradually take on a different perspective. If we can give thanks for the good even in the middle of the bad, somehow the bad is pushed back and a chink of light is let in to our lives... Maybe that will be the pathway to let in the love and peace we all need. Thank you for reading this.

Liz

NATIVITY TRAIL

As part of our Advent celebrations this year the six churches in the Hexagon Benefice will be hosting a scarecrow trail with different scenes from the Christmas story depicted outside each church. If you'd like to be involved making any of the scenes get in touch with Rev. Angela 01455 230997 or churchwarden, Di Jones 880741.

The first scene will be launched at Husbands Bosworth Christmas Tree Festival on Saturday, November 30th - Sunday, December 1st, where you'll also be able to pick up a guide to all the scenes.

CHRISTMAS FESTIVAL 2019

For those new to the village, our Christmas Festival is the time the parish church of All Saints lets its hair down! With a glorious festival of decoration and twinkling lights, musical interludes, competitions and displays to brighten these dark days our church becomes a beacon welcoming us into the festive season. Entries for decorated displays and trees, this year based on the theme of Christmas Songs, are invited from village activity and interest groups, businesses, families, children's groups and individuals.

You should receive an entry form with this Bugle.
