

HAVE YOUR SAY!

Your Parish Council meets eleven times a year, but once a year there is an Annual Parish Meeting and this is coming up on Tuesday, April 5th at 7.30 pm at the Sports Pavilion.

Annual Parish Meetings are a legal requirement and are an interesting phenomenon. Whilst electors can attend any Ordinary Parish Council meetings, they have no automatic right to speak (although Husbands Bosworth Parish Council does choose to open most meetings with an opportunity for visitors to ask questions).

The Annual Parish Meeting, however, is more informal and any elector registered in the Parish has a right to speak on any subject relating to parish affairs. So, these meetings act as an annual democratic point of free communication - your opportunity to have your say! Historically, of course, this type of open forum dates back to the Middle Ages, when all decision-making was carried out at meetings of the whole community.

We invite guests from the local authorities to attend our Annual General Meeting and to answer questions directly to the electorate on local matters. This year the local Police Beat Team will be sending a representative along. Do come along and join us, take this opportunity to air your views and meet your Councillors and Parish Clerk - light refreshments will be served.

Patricia Hobson, Chair - Husbands Bosworth Parish Council

**Village Litter Pick Sunday, April 10th
9.00am**

Come along and show your pride in our community; set aside a couple of hours to join our annual Village Litter Pick. The more villagers who turn up to help the easier the task will be - many hands make light work... We have some equipment and a supply of bin-bags but if you have your own 'picker' please bring it along; stout footwear and work gloves for grovelling in the undergrowth would also be an advantage!

GUESS WHAT? IT IS BACK.....

After a two year enforced lay-off Safari Supper returns on Saturday 21st May -woohoo!!!!

The event which has been entertaining the village for several decades is being welcomed back now that covid measures have relaxed.

If you've never heard of the strange sounding event before you are in for a treat!

The evening kicks off with an aperitif in the Village Hall, where you will find out the address where your starter will be. Each subsequent course is then at a different venue, with a different set of fellow diners.

We suggest pairing up with a safari partner, but if you're flying solo this doesn't matter as we can accommodate 3s, or partner you with another single 'Safarian'. Tickets are £15 per person.

This is a great social event, especially if you are new to the village and fancy getting to know more people or a fab way for friends and villagers to catch up. If you are able to host a course for 6-8 people, you will receive a donation back towards your costs.

We really hope you will save the date and join us and help raise much needed funds for the school while having a fantastic, fun and friendly evening.

SHOW AND TELL...

SAVE THE DATE! The 2022 Horticulture Show will be held slightly earlier than last year - on Sunday, August 7th in the Village Hall. The earlier date will hopefully allow us to include more vegetable and flower exhibits, which would otherwise be past their best display date... so get cracking and get growing!

We had an amazing show last year and hope that this year will be even better! We will again be increasing children's classes, in particular focusing on art and craft sections, as these have become increasingly popular.

As always, whether you are entering for fun or are particularly competitive, young or old, enthusiasm is all that is needed, so please join in! If nothing else, it is an opportunity to have a gossip over a slice of cake and a cup of tea (or sampling of the home brew entries!).

We aim to have the schedule available by the beginning of July and regular updates will be posted on *Facebook* and in the *Bugle*. In the meantime, can all the prize cup holders from the 2021 show please return the silverware as soon as possible to either Eleanor Murphy, The Old House, Honeypot Lane or to me at 3 Green Lane. I can collect if anyone is experiencing difficulty in getting out and about. Please call me on 0752 3146227 or email me kide.1962@gmail.com.

BUGLE POSTBAG

From Mike Chanter, Mowsley Court

On March 1st the government reversed its ban on neonicotinoid insecticides for use on sugar beet. It is estimated that one teaspoon of this poison can kill up to 1.25 billion honeybees!

What is the residual effect? After the harvest, will the neonicotinoids enter our food chain, will they remain in the soil, will they be washed into our streams and rivers? The environmental consequences of using these chemicals may well be devastating and I would encourage everyone to petition their MP to reverse this decision.

From Nick Morley, via email

Are you interested in forming a sponsorship/support group for a Ukrainian refugee family?

I own a property in Husbands Bosworth (I used to stay there when running my business in Wigston). The business is now closed, so my wife and I don't use the property much. We are happy to offer the property to a Ukrainian refugee family rather than rent it commercially.

However, we now live in Cumbria, four hours drive away, so it will need someone local, perhaps a group, to help the family integrate into our society, sort out schools, English, health system etc., and to manage the process.

Please contact me, Nick Morley at: morley184@gmail.com for further information.

From Ian Clowes, Community Recovery Worker South Leicestershire

I wanted to take this opportunity to introduce myself. I am a Community Recovery Worker for Public Health Leicestershire, assigned to work in parishes of south Leicestershire, in particular Husbands Bosworth.

Our current aim is in building back better communities, focusing especially on vulnerable groups, post-covid. We work closely with GP practices, mental health providers and social work teams, as part of the wider public health family. The service is funded and managed by Leicestershire County Council, and free at the point of need to Leicestershire residents.

If you know of a resident who would like to get out and about more and perhaps attend social groups or meetings but has lost confidence, simply tell them about our service and we will see how we may be able resolve any issues that they may have.

If you have any questions or would like to discuss anything in confidence please do not hesitate to contact our team: Ian.clowes@leics.gov.uk 07526 928199

BOSWORTH IN FOCUS

AT HOME IN BOSWORTH

Let us make a slight detour this month after seeing a spam 'get rich quick' post on a village *WhatsApp* group. The property world has similar scams: attention-grabbing headlines....'Become a property millionaire in under 12 months with my secret techniques. No money or hard work required.'

Nonsense of course, but the appeal of making lots of easy money is timeless and powerful and a lot of people are easily duped into handing over thousands of pounds to the scammers, who peddle crackpot 'no money down' schemes, targeting people with little money who dream of a better life. Stating that it takes at least £50k to get started would soon put them off!

These schemes are often a variation of the classic 'rent to rent' scenario, where you rent an undervalued property and re-let it for more money, possibly sub-divided up into separate rooms or bedsits. These scenarios are tricky to pull off, are definitely not for beginner landlords with no money, and are often legally dubious to boot.

If you're interested in investing in property in any form, then I will tell you something truly valuable: There are no 'secrets'. Not one. There is no information that you can't get free or for next to nothing if you go looking for it.

For a start, I suggest that you join web forums like *LandlordZone* and *PropertyTribes*, and a landlord association like the NRLA. You'll find these places full of helpful friendly people.

I've been a landlord since 2007 and have seen the good, the bad and the ugly of it all, so am happy to have a chat about it... if you provide the tea and biscuits!

WILD ABOUT BOSWORTH

Lady's smock *Cardamine pratensis*
March 20th saw the vernal equinox and the first day of spring. With lengthening daylight hours, we begin to see a new crop of wildflowers brightening our green spaces. One example is lady's smock or cuckoo plant. The name cuckoo plant stems from its uncanny knack of coming into bloom just as the first cuckoo sings.

This perennial herb likes moist ground and locally favours spots close to the canal. Lady's smock belongs to the brassica family and the four petals of its pretty little flowers are white with just a hint of violet or pink. Its pinnate leaves are edible and can be used in salads. They are said to taste like watercress or English mustard. Larvae of orange tip and green-veined white butterfly also partake of its foliage. Mythologically, it's said to be a sacred plant of fairies and it is considered unlucky to bring it into a house.

Interestingly, while researching this piece, I learnt some members of this group, cabbage and broccoli, for example, contain a compound similar to phenylthiocarbamide (PTC). Depending on an individual's genetic makeup, they taste PTC as either insipid or extremely bitter. So, now I understand why some people actually like broccoli!

SULBY GARDENS

Those who supported the popular Sulby Open Gardens events, as part of the *National Gardens Scheme*, may be interested to know that a new book, *Sulby Hall and its Gardens*, detailing the history of the Hall and its gardens is soon to be published. The book is being released in *The Walled Kitchen Gardens of Northamptonshire* series.

We will hope to have more details about the launch event and date in the next *Bugle*.

SCHOOL REPORT

HUSBANDS BOSWORTH C. of E. PRIMARY SCHOOL Head Teacher Alan Eathorne

We are nearly at the end of the Spring Term, and we have enjoyed some 'normal' activities returning to school life. Our fabulous *Open The Book* team have been able to come into school again to share stories from the Bible. The children enjoy watching them perform and also taking part. We are lucky to have such a dedicated group of volunteers in the village; it is the highlight of the school week!

Class 4 are visiting Norfolk Lakes this month for their residential outing. They will spend the week learning to climb, kayak and generally learning lots of life skills. They have also been learning about mountains and rivers this half term. Here is some of their writing:

The Ridge

*Water as still as a lion waiting for its prey,
Seals surrounding me like the oxygen in the air.
The peaks of the mountain are looking down on us like gods in the sky.*
Miles

The Ridge

*The calm water, like a dream,
Lake of peace, travelling to the unknown,
Journey to the mist, the wavy ride.*

Juke

The Ridge

*As ripples expanded through the lake,
A sea foam coloured boat drifted through the icy water.
The brave, skilled warrior's hair swishes in the cool breeze.*

BYGONE BOSWORTH

Images from the Historical Society's Archive Collection

Husbands Bosworth parish, as we've noted before, is sadly lacking in public rights of way, only able to boast 2¼ miles of bridle track and a measly 220 yards of public footpath. So, serious walkers need to venture further afield...

On a recent dog-walk we passed by the Judith Stone in pastureland just off the public footpath from Farndon Fields Farm Shop to Marston Trussell. The Judith Stone is a glacial erratic, dropped by the retreating ice field at the end of the last Ice Age. Nobody, as far as we know, has analysed the stone, but it appears to be igneous (volcanic) and 'not from these parts'... The likelihood is that it originated in the Peak District or Charnwood in north Leicestershire and was carried here and deposited by a glacier.

It hasn't moved since, and over the millennia one can imagine herds of sabre-toothed tigers, aurochs and mammoths scratching their bums on it, which along with similar antics by more modern farm animals explains the 'ring moat' of worn earth around the base of the stone and its polished surface!

It is called the Judith Stone because of its association with Countess Judith, niece of William the Conqueror, who was given the land at the time of the Norman Conquest. In the Middle Ages, the stone was used as a mark-stone; its permanency demarcating social and political boundaries and a meeting place. Interestingly, Countess Judith also owned land here in Bosworth and the water pump on Honey Pot Lane, opposite Honey Pot Farm, used to draw water from a well, now under the nearby lay-by, known locally as Judy's Well.

Also close to Bosworth is the Mowsley Stone, another glacial erratic mark-stone, measuring 5ft. by 3ft., which lies in pastureland on the edge of the Laughton Hills, on the boundaries of Mowsley and Theddingworth parishes.

MORE BOSWORTH IN FOCUS

BOSWORTH SKY AT NIGHT

Astronomy from your Backyard - April 2022

This month we look at the spring constellation Leo, the Lion, which is south (towards Welford) at about 9.00pm. Leo is one of those constellations that looks vaguely like the mythical object it depicts, a lion leaping from left to right. The night-sky image shows the brightest stars in Leo as seen by the naked eye, the brightest of which is Regulus (des. *Alpha a Leonis*) and is one of the brightest stars in the night sky. It is 78 light years away, white to the naked eye and, like Castor in Gemini, more a star system than a single star as we see it with the unaided eye. It is a fine double star consisting of very bright Regulus *A* and faint Regulus *B*. Both being binary stars in their own right, making the star Regulus a system with four suns! The night sky is best viewed in early or late April, as the full moon in the middle of the month 'washes out' a dark sky.

Take the opportunity of the full moon, however, for great views (through binoculars or small telescope) of the craters and mountains, which show up in sharp relief along the line between light and dark.

There are also celestial fireworks this month in the form of the annual *Lyrid* meteor shower, which reaches its peak on the night of April 22nd/23rd but is visible 5 days either side of the peak, in the north-east (towards Gumley/Foxton). The Lyrids can typically produce about 18 shooting stars an hour at its peak.

Meteors, or shooting stars, are when small particles given off by comets or asteroids hit our atmosphere at enormous speed and burn up. The Lyrids happen once every year when the earth crosses the path of the debris left by long-period Comet C/1861 G1 Thatcher in its orbit around the Sun. It is the oldest recorded meteor shower still visible today and was first recorded in c.687 BC.

Next month, May: The Plough and an early morning eclipse of the Moon!

VILLAGE LUNCH

The next Village Lunch will be on Tuesday, April 26th at Kilworth Springs Golf Club, South Kilworth Road, North Kilworth. We meet at 12.30pm to eat at 1.00pm.

Village Lunch is a great place for those new to the area, retired or living alone to catch up with old friends and all the gossip, and make new friends in a warm and friendly atmosphere. The cost of the two-course meal, including tea/coffee and mints is £11.50 per person. Please call Janice on 880668 if you would like to book a place, to arrange transport to the venue or for any more information.

ART GROUP

Bosworth Art Group is a small, friendly and informal group of arty minded souls meeting on alternate Tuesday mornings, 10.00am to 12.00 in the Sports Pavilion, Kilworth Road. Meetings are on a pay-as-you-go basis, £2.50 per session to cover room hire and coffee. The group is self tutored and all mediums and skill levels are welcomed. April dates are: Tuesdays, 12th and 26th. For details call Melvyn on 880281.

HISTORICAL SOCIETY

The Historical Society will host an Open Evening in the Village Hall on the Wednesday, April 6th at 8.00pm, to revive the Society after the covid shutdowns and restrictions, and to introduce the Society to our new friends!

We previously held our meetings at the Sports Pavilion but for this event we will meet in the Village Hall, as there is more room to spread out there, in the present circumstances.

We will be showing a couple of films of local interest and a selection of slides from our vast digital Archive Collection. Tea, coffee and biscuits will be served in the interval. The meeting will be relaxed, informal and FREE!

We will take this opportunity to assess interest at this meeting, with the view to recommencing our usual meetings with a full Winter Programme in the autumn.

Spread the word... we look forward to welcoming past members, non-members and friends old and new!

CHURCH NEWS

All Saints Parish Church & St. Mary's Roman Catholic Church

ALL SAINTS CHURCH NEWS

LENT - An MoT for Body and Soul

Christian Church is now in the period of Lent; six weeks leading up to Easter - the high point of the Christian year. Lent is a complicated time. How do you get yourself ready to celebrate the betrayal, torture, death and resurrection of your God? As we move towards Easter there is the horror of the betrayal and Jesus torture and death on Good Friday, the confusion, despair, and desolation of Easter Saturday. Then, on Easter Sunday we celebrate the joy, wonder and glory and the resurrection of Jesus as king and conqueror of sin and death and hell.

How do you put all that together in one set of emotions? How do you get yourself ready to celebrate something like that? The Christian answer for 2,000 years has been to look long and hard at ourselves. To hold a mirror up to our thoughts, words, actions, and deepest motivations and ask ourselves the question, "What kind of a response to Jesus is my life?" To help us we try to make more room for God in our lives - denying ourselves some of our pleasures, putting more effort into our spiritual practices and making a greater effort to be generous and kind towards the needy.

Is that a good way to prepare yourself for the complexity of Easter? Well, at least it sounds like the kinds of things Jesus would approve of! Whatever you do personally decide to do for Lent, I pray that it will be a great blessing to your soul...

On another subject, last week I joined with Fr. Matthew Pittam of St Mary's Roman Catholic church and we walked around Husbands Bosworth praying God's blessing on the village. It was wonderful being united in prayer.

We felt it was so important, that we have decided to do it each month! We thought it would be great to invite all Christians and people who pray to join with us. So on Thursday, May 12th from 10.00am to 12.00pm we invite you to join us as we walk around our village praying God's protection and blessing. Meet us outside All Saints Church.
