

BUS SERVICE REPRIEVE

Leicestershire County Council has recently announced a successful bid for government funding that will support local bus services and give our own 58 Lutterworth to Market Harborough service a stay of execution until a review in October.

The County Council has thankfully focused on the rural services where alternative transport options are limited. Locally the 58 Lutterworth to Market Harborough service, along with the 8 Hinckley to Lutterworth and the 44 Fleckney to Market Harborough services have all been saved for the time being.

The funding is part of the Government's *Help for Households* campaign, which aims to reinvigorate public transport and help passengers save money by capping the cost of bus fares in England. The scheme has been operating since the beginning of the year, offering a fare cap of £2 for any single journey. The scheme is being extended until October 31st 2023 when the cap will rise to £2.50 per journey, which will run until November 30th 2024 when there will be a further review.

What the Parish Council is and what it does...

Parish Councils are local civil authorities and the first tier of elected Government. The Parish in this context describes a rural geographical area, based on an ancient unit of land. The Parish Council is secular and should not be confused with Parochial or Church Councils.

■ Husbands Bosworth Parish Council has seven councillor positions to represent the parish. A full term of office is 4 years.

■ Parish Councils are not political bodies and act independently of any political affiliations or influence.

■ Decisions within the Council's areas of responsibility can only be taken at Parish Council Meetings as agenda items.

■ There are usually ten Ordinary Parish Council Meetings per year. In addition there are also two statutory open meetings - the Annual Parish Meeting in April and the Annual General Meeting, which is held in May. (Husbands Bosworth Parish Council has no Council meetings in January and July).

■ Whilst Parish Council meetings are not public meetings, residents are welcome to attend and may be invited by the Chair to raise any matters relating to parish business.

All Parish Councils in England must employ a Clerk. Derek Watson is the Clerk and Responsible Financial Officer for Husbands Bosworth Parish Council. Derek is un-elected and employed directly by the Parish Council. His primary responsibility is to ensure that the Council conducts its business lawfully. Other responsibilities include managing the parish finances, day to day business and office administration and implementing the Council's decisions. Derek works from the Parish Council office on 2a Mowsley Road and can be contacted on 881109.

For more information relating to Parish Council business please go to: www.husbandsbosworthpc.org.uk

SPEED AWARENESS COURSE

Leicestershire Road Safety Unit has recently carried out a traffic speed survey on the Welford Road approach to the village. During the period of the survey 36% of vehicles were found to be exceeding the National Police Chief Council (NPCC) recommended threshold above the national speed limit for the site of 10% +2mph (35mph).

Analysis of the report assessed the results of the survey as 'poor compliance' and has requested additional enforcement visits.

BUGLE POSTBAG

From Derek Watson, Parish Clerk, Husbands Bosworth Parish Council

Dog Waste Bins - Polite request!

If any of the dog waste bins in the Parish are full, can you please use an alternative bin or take it home and deposit it in your black bin.

Please do not leave dog waste bags on the ground next to the bin. The contractor who empties the bins is not obliged to pick this up and it is not particularly pleasant for close residents...

BUGLE COMMENT

As this issue of the *Bugle* goes to press the recent incident regarding the young footballer who suffered a heart attack whilst playing football on the village playing field is still fresh in our minds.

We feel that the incident highlights a number of issues worthy of public comment.

Firstly, we hear that thankfully, the lad seems to be recovering well, and we pray that he will have made a full recovery by the time that you read this.

Secondly, the incident highlights the football club's forethought and initiative in the provision and installation of a defibrillator - in this instance almost certainly a life saver - on site.

The incident also highlights the relatively simple and low-cost way that a life can potentially be saved. As with many medical emergencies, timeliness and having the equipment and folk with the skill and confidence to deal with the issue are the key elements.

Luckily this time all these 'stars' were aligned and the outcome was positive, but it does highlight the main issue - that of timeliness.

Of course, there is a defibrillator in the old phone box on The Green, *[Reader, please make a mental note...]* but the delay in remembering that this facility is there and deploying it could have resulted in a different outcome this time.

At this point, therefore we should bear in mind that an incident at the lower end of the village may be quite a distance from either the device on The Green or the one on the Sports Pavilion.

We need to seriously consider the provision of another device, or even two devices to spread the availability - provision will never be perfect, but we can easily make it better...

As the Football Club said at the time that they installed the device outside the Sports Pavilion, 'the facility is provided - but we hope that it is never needed.' In this case it was...

BOSWORTH IN FOCUS

WILD ABOUT BOSWORTH

Magpie Moth - *Abraxas Grossulariata*

These attractive individuals can be seen lurking in our hedgerows and gardens from June to August. Unusually for moths, their behaviour is diurnal rather than nocturnal. This makes sense, as their striking colouration marks them out to predators as distasteful, which isn't a good survival strategy in the dark. As adults they feed on nectar and rest on the foliage they ate as caterpillars: brambles, currant and gooseberry bushes, blackthorn, hawthorn and hazels. After mating, the females lay their eggs on the undersides of the leaves of the food plants.

The eggs start out yellow and gradually darken until the larvae emerge about seven days later. From this point on, until the following May, the caterpillars feed and grow, although some may hibernate through the winter. They share the same gaudy colouration as their parents: pale yellow/white with black splodges, an orange line along the sides and a shiny black head. As they feed, they assimilate poisons from the plants they eat to make themselves unpalatable. These toxins deter most predators and even spiders give them a miss if they get trapped in their web.

Sometime around May or June, when they are fully grown, they transform into bright yellow and black pupae. Over the following month, the magic of metamorphosis takes place, leading to the emergence of a fully formed adult, thus completing their single generation per year life-cycle.

I have been unable to decipher the binomial name *Abraxas Grossulariata* - it has no relation to magpie or moth. *Sulariata* translates to sunny in Corsican, and *Abraxas* is the name of an ancient Greek deity, who is crowned and carries a whip. Physically he is depicted as being fat-bellied with the head of a lion or a cock, a dragon's tail, and serpents instead of legs!

FOOTBALL CLUB

North Kilworth Football Club and North Kilworth Junior and Youth FC are strongly committed to Husbands Bosworth, with the majority of the teams playing out of the Sports Pavilion and more than 30 members being Bosworth residents.

With the 2022/23 season drawing to a close, the Club recently held their end of season presentation and fun day at the pavilion which saw hundreds of people in attendance as they celebrated a very successful season.

The Men's Sunday side had been leading the table for the majority of the season but fell away with two late defeats that saw them finish as runners up in the division. The Saturday 1st team struggled in the League, but reached the quarter finals of the cup.

As for the Juniors, there was a lot of success, many happy kids, proud parents and coaches.

▫ U10s - Winners of the Beaumont Town 2022/23 tournament

▫ U11 Jaguars - League winners, Shepshed Tournament winners and Groby Tournament runners up.

▫ U12 falcons. League winners, Leicestershire County cup winners and runners up in the Duncan Warner Cup.

▫ U15s - Braunstone Tournament Winners 22/23 Season.

Our U8s were promoted to the highest level in the District & Mutual League and played against the county's bigger clubs in a real challenge. Finally, our U7 Wolves had a fantastic first season of fixtures, with 7 wins out of 11 and also finished runners up in the Anstey Nomads tournament.

Many of the larger clubs have huge catchment areas and lots of children for selection, whilst NK being a small village club focuses on inclusiveness, taking all comers and working to help develop and include everyone. So much success within the youth section is something we can all be proud of.

Chairman and secretary, Richard Brown has also received recognition from the League as Secretary of the Year, which demonstrates his standing within the League and his commitment to football.

If you would like to become part of the club, please feel free to contact them on northkilworthfc@gmail.com or via the Parish Council.

SCHOOL REPORT

HUSBANDS BOSWORTH C. of E. PRIMARY SCHOOL Head Teacher Alan Eathorne

Farewell to our Year 6!

We would like to take this opportunity to say a very big and heart felt thank you and farewell to our brilliant Year 6 pupils. You have been a joy to teach and it has been a privilege to watch you grow into the independent thinkers and confident learners you are today; your next schools are very lucky to have you.

Your kindness, courage and thoughtfulness stand out and we know you will all go far in life. Thank you again and we hope to welcome you back one day.

From everyone at Husbands Bosworth Primary School.

BYGONE BOSWORTH

Husbands Bosworth Historical Society

We were saddened recently to hear that our old friends, the Harborough Movie Makers have decided to call it a day after 63 years of producing local interest films. The Movie Makers have close historical connections with Bosworth and have visited our Society over the years, presenting their professional quality 'home movies' on many occasions. The thing is that they *are* old friends - as Peter Wilford, their Secretary says, most of their members were in their 80s... and they were unable to interest new and younger members - a familiar cry that we hear regularly these days from many social groups.

The irony is that it is these young folk, who have the enthusiasm and technology to make TV quality videos, literally at their finger tips, are those who could take the Movie Makers forward into a new era.

Hopefully the Movie Makers will be able to archive their vast library of historical films and offer them in a digital or downloadable format.

CHURCH NEWS

All Saints Parish Church & St. Mary's Roman Catholic Church

ALL SAINTS CHURCH NEWS

We are all different. In terms of the life of Faith, this means that we each need to find a way of praying that fits with who we are.

Abbot John Chapman famously advised people to "Pray as you can, not as you can't".

A good illustration of that is the famous story called 'The Three Hermits' by Leo Tolstoy.

"Three Russian monks lived on a faraway island. Nobody ever went there, but one day their bishop decided to make a pastoral visit. When he arrived, he discovered that the monks didn't even know the Lord's Prayer. So, he spent all his time and energy teaching them the "Our Father" and then left, satisfied with his pastoral work.

But when his ship had left the island and was back in the open sea, he suddenly noticed the three hermits walking on the water - in fact, they were running after the ship!

When they reached it, they cried, "Dear Father, we have forgotten the prayer you taught us!"

The bishop overwhelmed by what he was seeing and hearing, said, "But, dear brothers, how then do you pray?" They answered, "Well, we just say, 'Dear God, there are three of us and there are three of you, have mercy on us!'" The bishop, awestruck by their sanctity and simplicity, said, "Go back to your island and be at peace."

What is the message of that story? I think it illustrates well the difference between learning prayers and prayerfulness. You might have your own favourite ways to pray, ways that work for you; but just because someone doesn't pray like you, doesn't mean they aren't close to God. Christ-likeness and spiritual growth do not depend on our ability to learn and recite prayers, or even recite theological facts.

In Tolstoy's story, the three monks are shown to live and pray from the heart - in a way that was right and natural for them, and this had drawn them close to God.

The bishop was forced to recognise their sanctity and prayerfulness, despite their theological ignorance, even of the Lord's Prayer.

Simply put, if you have the faith to walk on water, then your prayer-life is probably doing alright! At its heart, prayer is entering and relaxing into the mystery of God's love, each in our own way.

I encourage you to find YOUR way of praying. Experiment. Try different ways, perhaps praying with icons, or reciting the Jesus Prayer.

KNAPTIFT CHURCH

During the summer months, the Friends of Knaptoft Church invite old and new friends to our special outdoor services of worship amid the tranquillity of the beautiful ruins of the church of St. Nicholas.

Our next service, will be on Sunday, July 16th at 3.30pm when Fleckney Silver Band will be providing the musical accompaniment.

ST.MARY'S NEWS

We are in the process of establishing St Mary's as a Parish Church. This is an exciting development in the life of St Mary's and will put us on a firmer foundation for the future and also see the life of St Mary's develop and grow in serving our village and beyond.

As part of our 150th Anniversary Celebrations we have a visiting speaker each month. The next speaker will be Fr. Royston Price on July 9th. Fr. Price is a missionary priest and will talk about growing the church community in an increasingly secular world. Good news...Will Townsend from our congregation has recently been selected for Ordination. He will start his training in September and will continue to serve the community at St Mary's once ordained.

On July 6th we welcome children and staff from the village primary school. They have been working on images of St Mary's interior and will present their artwork as part of our 150th celebrations.

Mass continues to be celebrated each Sunday at 11.00am and on Thursdays at 10.00am. We will be hosting our Flower Festival from Friday, August 11th to Sunday 13th - watch this space...
