

QUARRY TIME

Mick George's application to extend the quarry operating hours of their permitted operations has caused some concerns among local residents, regarding likely increases in early morning noise nuisance levels.

The present permissions were granted to allow traffic movements to commence at 7.00am, but the revised application seeks to allow up to 10 pre-loaded HGVs to leave the site between 6.00am and 7.00am.

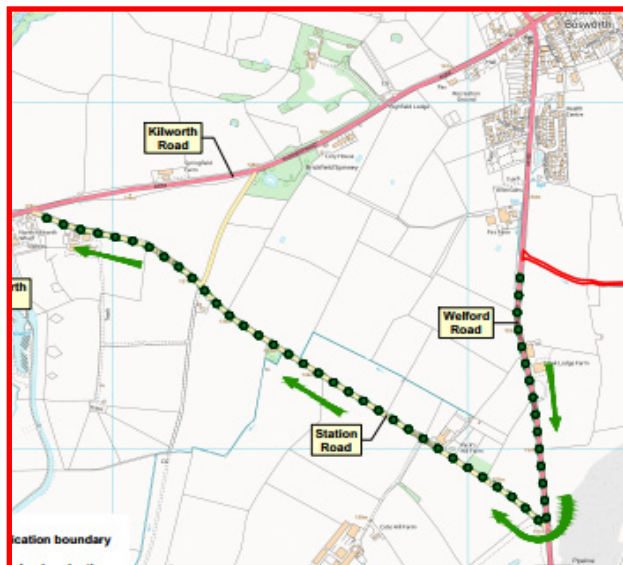

In response to concerns raised by local residents, Husbands Bosworth Parish Council and Welford residents, the company carried out an impact assessment to determine existing and projected noise levels.

Although the exercise suggests that there would be a negligible change in road traffic noise levels attributable to the additional traffic, concerns have been raised that the assessment, which was monitored at only one point near the entrance to Marsh Drive, would not represent noise levels at other dwellings on Welford Road, the wider area of Husbands Bosworth or High Street in Welford.

The assessment is also criticised for only assessing the impact over a one hour period, during which there were only a small number of HGV passages. Additionally, there is only an assumed assessment of the impact in Welford, where traffic would be pulling more heavily up High Street and weaving in and out of parked cars, with no actual monitoring carried out there.

The application does note that they have taken these concerns into account and have suggested a Traffic Routing Plan, self-monitored by Mick George Ltd., which would take loaded quarry traffic along Station Road, away from both Husbands Bosworth and Welford.

To comment on any aspect of this application please go to LCC Planning Portal: 2023/VOCM/0056/LCC

WALK WAYS

Market Harborough Local Cycling and Walking Infrastructure Plan (LCWIP), as part of the County Council's recently adopted cycling and walking initiative, is seeking the public's help in identifying areas where footways, footpaths and cycleways in the district could be improved. The initiative aims to help develop an attractive and joined-up cycling and walking network throughout the whole county, encouraging more sustainable and healthy use of public highways and rights of way.

Locally the state of the footway between Husbands Bosworth and Theddingworth, which is overgrown, and the footway between Station Road and Welford Wharf, which is completely lost in places have been flagged up as requiring attention. Look out, also for other areas locally that you have come across that you feel are deterring folk from walking or cycling, such as poor footpaths or overhanging vegetation... The scheme is funding based, with limited resources, so the more representations that are logged in the Council's survey, the more chance that these areas will be targeted for attention. Go to the interactive survey at: <https://haveyoursay.leicestershire.gov.uk/leicestershire-cycling-and-walking-infrastructure-plans-round-3> or search: LCWIP for Market Harborough Area

Statom's, the contractor clearing the Firs Farm site, recently presented the Parish Council with a cheque towards improvements to the Sports Pavilion

ADOPT A PLANTER

The Parish Council is seeking people to adopt a planter on the High Street. You don't have to live near to your chosen 'adoptee', or have any particular floral skill for that matter - you just need a desire to help smarten up, carry out seasonal planting and generally maintain this essential piece of the village's 'face to the public'... Guidance and materials, where necessary, will be provided, and any costs incurred would be refunded.

If you've got the time and inclination, and think this could be a job for you, please contact the Parish Clerk on 881109 or call in at the Parish Office, 2a Mowsley Road.

BUGLE POSTBAG

From Diana Jones, Senior Churchwarden, All Saints Church

A big thank you to Husbands Bosworth School for leading our Harvest Festival Service and making it possible to donate 114kg of food and general supplies to Lutterworth Foodbank.

We had a full church, filled with children, parents, grandparents and our own congregation. It was a very happy occasion as the village was united to give thanks and support the Foodbank. Many, many thanks from All Saints and the Foodbank!

Our second Foodbank collection the following week collected 127kg, including wonderful donations from Dairy Farm Nursery. Thank you once again to everyone for supporting this worthy cause. It is very hard to imagine how difficult it must be if you do not have enough money to feed your family!

From Ralph Horton, Highcroft

I am now collecting ticket money for our Govannen concert on Saturday, November 11th from those who have not yet paid.

There are still a limited number of spaces available - if you are interested please contact me on ralphhorton01@gmail.com.

From: Sally at The Gliding Centre

We are presently inviting stall-holders for our Christmas Market, which we will be hosting at The Gliding Centre, on Sunday, December 10th, 11.00am to 4.00pm.

All stalls will be outside, so you must have your own gazebo. Stalls will be on hard standing, so will need appropriate weights and insurance.

Stall fees:

3m x 3m costs £20.00

6m x 3m costs £35.00

Email: sallyann@theglidingcentre.co.uk for more information.

Children will have the opportunity to visit Santa in his Grotto (booked in advance).

£10.00 per child includes gift, selection box and decorate your own cookie.

The Gliding Centre, Husbands Bosworth Airfield, Lutterworth LE17 6JJ

BOSWORTH IN FOCUS

WILD ABOUT BOSWORTH

Garden Spider - *Araneus Diadematus*

Apologies to arachnophobes, but it's garden spiders this month... These arachnids are one of the UK's commonest and largest species. The females can grow up to 18mm, and the males, half that size. Colouration of individuals varies from orange to black and their abdomens are decorated with a pattern of white dots in the shape of a cross. Hence their other name 'Cross Spiders'.

They can be found hanging on delicate spiral webs, which are constructed anew each day. Building starts with an individual dropping on a thread and securing it to a point below. The next step is the addition of radial scaffolding spokes. All this is done with non-sticky silk. Finally, starting from the centre, a spiral of sticky silk is added. By the way, 'cobweb' comes from the archaic word '*coppe*', meaning spider.

When a prey insect: fly, wasp, butterfly or such touches a sticky thread and struggles to free itself, the web owner rushes out and injects the quarry with venom and wraps it in a silken shroud. Later in the day, after toxins have liquefied its internal tissues, the victim is able to be drunk rather than eaten! As night falls, silk-making proteins are recycled as the spider dismantles and consumes its web.

Mating... yes, mating is dangerous for the males. Not many survive a sexual coupling. It's not much better for the females; when the eggs are laid late in the year, she secures them in a cocoon and stands guard over her brood until she dies of cold. The eggs remain tucked up until they hatch as spiderlings in May the following year.

Arachnophobes please note: In exceptionally rare cases a garden spider may sting a human in self-defence. Notably, the effect of its bite is negligible; in only one recorded case did a victim suffer a mild allergic reaction.

Mike Chanter

BOSWORTH SKY AT NIGHT

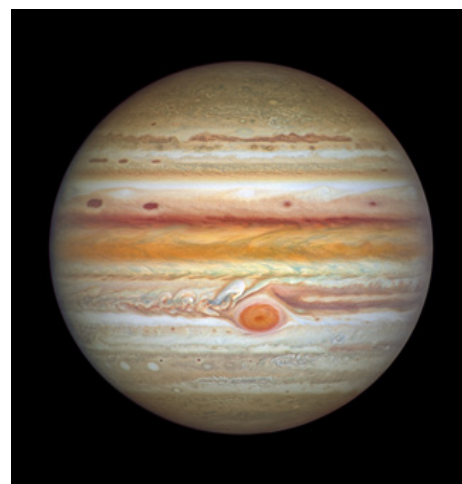

Astronomy from your Backyard

The planet Jupiter is at opposition on November 3rd and is a glorious bright star-like object all evening during November. Opposition is when the Earth passes between the Sun and a planet in its orbit. For Jupiter this happens roughly every 13 months. Whilst opposition is simply a line of sight event for us on Earth, it is important for observing the planet, as it is then at its closest and appears brightest.

To the unaided eye Jupiter will seem like a bright star in the south-eastern sky. With a small telescope or decent binoculars you will see the planet and up to four of its largest moons. This photo, taken by the Hubble Space Telescope, shows an amazing amount of detail of the planet's gaseous atmosphere, with its coloured belts and the famous great red spot. The great red spot is an enormous swirling storm which has been raging in the Jovian atmosphere for many hundreds of years and is nearly double the size of our earth. Jupiter is a gas giant planet and astronomers believe it to be a failed sun. Had it been a bit larger it would have had enough hydrogen mass to start a nuclear reaction and we would have had two suns in our sky. As the most massive planet in our solar system its immense gravity does a useful job of attracting and shepherding many asteroids, comets and other solar system objects that could otherwise impact our planet causing catastrophic disaster to the world.

Also during the month, looking south-east in the pre-dawn sky, the planet Venus shines dazzling bright and is occulted (hidden) by the moon in the early morning of November 9th. Look out for the Leonid meteor shower, which is predicted to peak on the night of November 17th/18th producing fast meteors many of which leave lingering trails.

This image of a recent *Ebay* find (requiring a bit of tlc), reminds us that commercial life in rural villages during Victorian times wasn't entirely centred around agriculture and provisioning the local population. As we have noted previously, commercial businesses in Husbands Bosworth tended to focus on supplying the needs of the local 'big houses'; the hunting lodges to which the gentry migrated for the hunting season. Saddlers, cobblers, launderers, tailors, drapers, butchers, bakers, and possibly a few candlestick makers, lined the main streets... However, 'peripheral' industries, supplying general needs, also existed.

Various members of the Hatfield family are recorded in *Leicestershire Clockmakers* by John Daniell and *Watchmakers & Clockmakers of the World* by Brian Loomes. David Hatfield, the elder, came from London, where he was apprenticed in 1732 and worked for Francis Corall, the well-established master clockmaker in Lutterworth. David later set up his own business as a clockmaker in Husbands Bosworth, where he is recorded as 'making excellent clocks' by the mid 18th century. David's son, also David, is also recorded as working in Husbands Bosworth between 1757 and 1819.

The 'romantic' image is that the village clockmaker beavered away by candlelight in his dingy little workshop, cutting wheels from brass plate and building cases... The likely reality is that, whilst the larger towns or cities with a wider customer base did have makers who could make whole clocks, provincial clockmakers often relied on the established precision manufacturing industries in the city that, even from early days, were mass-producing intricate clock mechanisms.

Dial painting and engraving similarly, were also specialist crafts beyond the scope of most artisan clockmakers, who would use dedicated art workshops, specifying wording and design, often from a sales catalogue, to be included on 'their' clock faces.

Cases however, are more likely to have been made locally - simple oak cases were of similar construction to coffins, so could be built by the village coffin maker during slack periods!

So, whilst it is nice to think that we have, 250 years on, brought our Hatfield back home, he might be just as much at home in Birmingham's Jewellery Quarter...

WELFORD CINEMA

Welford's 'Flicks in the Sticks' Cinema winter season continues with a showing of 'A Man Called Otto' (2022) on Saturday, November 4th at 7.00pm, Welford Village Hall.

Based on a novel by Swedish writer Fredrik Backman, *Otto Anderson* (played by Tom Hanks) is a grumpy old man who has given up on life following the loss of his wife and wants to end it all. When a young family moves in nearby, he meets his match in quick-witted Marisol, leading to a friendship that will turn his world around. A heartwarming and funny story about love, loss, and life...

Admission on the door: £7 per person to include a cuppa and biscuits.

HISTORICAL SOCIETY

Unfortunately, the speaker from the Friends of the Great Central Railway for our opening meeting last month was unable to make the meeting due to testing positive for covid, and a 'scratch' presentation looking at the Making of Bosworth from our Archive was called into play... Thankfully, we have re-scheduled the Great Central for March.

Our next meeting will be on Wednesday, November 1st when we will (hopefully...) be welcoming a speaker from the Ashby Canal Association, who will be telling us of their own plans to re-join the canal with its severed end at Moira.

The Ashby Canal opened in 1804, connecting the highly productive coal mining areas in the Ashby Wolds with the Coventry Canal at Bedworth; a distance of 31 miles.

However, the canal was a victim of its own success, being beset by problems caused by local mining subsidence and, in 1966 the last 8 miles of canal were abandoned.

The Ashby Canal Association was formed to promote the restoration of the canal, with the ultimate aim of reopening the infilled section to join up with the restored section at Moira. The meeting is at 7.30pm at the Sports Pavilion, Kilworth Road and all are welcome. The meeting is open to all - a door charge of £2.50 is requested for non-members.

Subscriptions, £12 for the year, for those wishing to join the Society, will be taken at this next meeting.

WREATH WORKSHOP

Heather will be holding her Christmas wreath-making workshop evening at the Belgrave Memorial Hall, North Kilworth, 7.00pm on Thursday, November 30th.

Learn the craft of wreath making and take home your own finished wreath at the end of the evening - all materials will be provided. Cost of workshop £40....

Places are limited for this popular workshop, so if you are interested please contact Heather on 07773 063063 as soon as possible to book your place.

VILLAGE LUNCH

The next Village Lunch will be on Tuesday, November 28th at Kilworth Springs Golf Club, South Kilworth Road, North Kilworth. We meet at 12.30pm to eat at 1.00pm.

The Village Lunch is a great place for those new to the area, retired or living alone to catch up with old friends and all the gossip, and make new friends in a warm and friendly atmosphere.

The cost of the two-course meal, including tea/coffee and mints is £12.50 per person. Special dietary needs can be catered for by prior arrangement.

Please note: We can now take payment by card. (We customarily take a cash tip at the table!)

Please note:

Unfortunately, due to rising costs, we will need to raise the price of our Village Lunches to £13.50 from January.

Change of contact details:

Jo's new number is 07534 057575

Email: uhaveitmaid@myyahoo.com

Our Christmas Lunch will be on Wednesday, December 20th. The cost of this special two-course festive meal, including coffee/teas and mince pies, will be £18.00 per person.

ART GROUP

Bosworth Art Group is a small, friendly and informal group of arty-minded souls meeting on alternate Tuesday mornings, 10.00am to 12.00 noon in the Sports Pavilion, Kilworth Road. Meetings are on a pay-as-you-go basis, £2.50 per session to cover room hire and refreshments.

The group aims to encourage those whose artistic inspiration may have 'lapsed' to pick up brush or pen once more... We are self tutored and all mediums and skill levels are welcomed.

Interested? Come along and try a session... Art Group dates for November are: Tuesdays, 14th and 28th.

For details call Melvyn on 880281.

PARISH COUNCIL NEWS

Report of the Parish Council Meeting held on Tuesday 3rd October 2023

Present: Four Councillors, Parish Clerk and one member of the public

Visitors Questions

- The visitor discussed the need for a waste bin to be sited at the Sports Pavilion. This was agreed and Clerk was asked to investigate options and costings

Minutes of the meeting held on Tuesday 5th September 2023 were agreed and approved

Matters Arising for report only

- Councillors and Clerk had had a positive and informative meeting with the headmaster regarding the school enrolment policy
- Parish Councillor pictures to be added to Councillors bios on website
- A proposal was tabled to seek helpers to adopt and maintain the planters and immediate surrounding areas on the High Street
- Clerk was asked to obtain quotes for the conservation of the Burial Book
- Clerk confirmed that he had sourced a specialist company to clean war memorial plaques

Finance

- September 2023 Bank Statements, Cashbook Reconciliation and Bank Reconciliation were presented and agreed

Parish Maintenance

- A contractor was selected to undertake work to clear around the Scout Hut and Dog Walk

War Memorial

- A quote was accepted for re-pointing of the war memorial

Considering a Parish Trailer

- After discussion it was agreed the best option would be to hire a trailer on the few occasions that this may be required

Pavilion CCTV System

- It was agreed to arrange a site meeting with the contractor to establish the most efficient way to protect the building and car parks

Christmas Tree Approval

- Council accepted a quotation for installing the Parish Christmas Tree in the churchyard

Pavilion Matters

- A few snagging issues had been identified and resolved. Work on the disabled-access car park was in hand
- In order to advertise the availability for hire of the extended facility, it was agreed to site banners near the roadside entrance
- It was agreed to review hire costs and booking arrangements; options to be considered at the November PC meeting
- It was agreed to consider a formal name for the extended meeting room, possibly with historical connections, that could be used for promotion and by hirers on invitations, etc.
- After discussion, it was agreed to purchase a new projection screen, suitable for the larger room
- It was agreed to use funding from Statoms (the contractor at Firs Farm) to help purchase suitable external lighting for the car park and roadside; options to be discussed at the November PC meeting

Future Banking Options

- A detailed appraisal of future banking options for consideration was presented for discussion at the November PC meeting

Any Other Business

- Council agreed to consult on the need to review the Neighbourhood Plan, which was 'made' in 2020

Date and time of next meeting

There will be an Ordinary Parish Council Meeting on Tuesday 7th November 2023 in the Sports Pavilion

A full copy of the Minutes can be viewed or downloaded at: www.husbandsbosworthpc.org.uk or by request to the Parish Clerk.

CHURCH NEWS

All Saints Parish Church & St. Mary's Roman Catholic Church

ALL SAINTS CHURCH NEWS

What's the Problem with Barns?

Jesus told a parable: "The land of a rich man produced abundantly, and he thought to himself, 'What should I do, for I have no place to store my crops?'"

Then he said, "I will do this: I will pull down my barns and build larger ones and there I will store all my grain and my goods. I will say to my soul, 'Soul, you have ample goods laid up for many years; relax, eat, drink, be merry.'" *Luke 12:16ff*

On the surface this seems like a very wise and sensible thing to do. Your land is producing good harvests, and you don't have sufficient space to store your produce - so build bigger barns! Build back bigger... To coin a phrase!

Yet, Jesus has a real go at this farmer, because the parable continues:

But God said to him, "You fool! This very night your life is being demanded of you and the things you have prepared, whose will they be?"

Which we might think is unfair. He was only doing something eminently sensible and wise, so why does he get lambasted?

The problem that Jesus has with this man is not that he wants to build bigger barns, but rather that his concerns are out of balance.

He is SO focussed on this life, the 'here and now', that he has forgotten about the next life, the 'hereafter'. He is working hard to gather all this 'stuff' around him, but he has forgotten that ultimately, he is going to have to leave it all behind. There are no pockets in a shroud, as they say... He has forgotten the fact of his mortality and for that reason, he is called a fool.

This simple story is a challenge to all of us. On one hand we all need the normal things of life. If we are blessed, we can also take real pleasure in nice new shiny stuff. There's nothing necessarily wrong in any of that.

But we need to remember that we also have a soul. We are mortal and our ultimate destination is not to be found on this earth. But rather, God invites us to spend eternity with him in Heaven.

The preparation for that ultimate reality starts now.

It begins in baptism; it continues in the gradual transformation of our character as we grow in Christ-likeness through worship, Bible study, prayer, and the spiritual disciplines.

So, what about you? How is your soul/life balance? Are you living as if you expect to be immortal? Or are you preparing for the joy of living in your heavenly father's home?

FESTIVE TRAIL AND MARKET

The Christmas Trail and Market over the weekend of December 9th and 10th is the main funding event of the year for All Saints. If we are going to be able to serve the community, offering regular opportunities to worship together, support our village school and also members of the community in times of need and celebration, we need your support. Please support the Trail by lighting up Husbands Bosworth with festively decorated windows and frontages. It does not matter how small a display - just a few coloured lights around a door or window will make so much difference.

A form to take part is included in this *Bugle*, please return as soon as possible so that we can set out the trail.

Your village Church belongs to you all...

For more information please phone Di Jones 880741.

Military Museum

One of the Largest Collections of

WWII Vehicles and Militaria in the Midlands.

Our under cover collection includes post war vehicles, Main Battle Tanks, as well as an excellent selection of other American, German and British vehicles. With interactive displays and lots of things to see. Visit on a game day (Saturday, Sunday or selected Wednesday—April to October) and you will get to see some of our vehicles driving around.
